| <i>KETK Today</i>  | 5:00am<br>6:00am            | 07/01/13    | 1 minute 30 seconds     | Before you head out of town for your fourth of July vacation or any vacation for that matter: Make sure your house is secure. Criminals often target homes that look like they're empty. So, never advertise you're out of town. Little things like having your neighbor pick up your newspaper, can make a big difference. And these days, social media is best tool for criminals to know whose home is empty this summer.         |

Setting off fireworks within city limits is still illegal. Last year Longview police received more than 100 calls about people shooting off fireworks illegally. They say: you should continue to call though, because sometimes it turns out someone is celebrating Independence Day by shooting their gun in the air; which is also illegal.                                   |

However, if you are put in a situation today, where you need a ride, they have a way to help you out. Triple A offers "tipsy tow service" every fourth of July and New Year's holiday. People who request a tipsy tow will be towed with their car up to 10 miles, free of charge. This program is for everyone, even those, not a member of Triple A. |
