Description: This is the time of the year to take precautions to avoid carbon monoxide poisoning. The silent killer is a poisonous gas which can cause flu-like symptoms. It's especially common during the winter season since heating appliances produce carbon monoxide gases. Firefighters say homes with gas services or an attached garage are now required to have a detector on every floor of their home. If your carbon monoxide detector goes off firefighters advice is to get everyone out of the house, including pets, and call 911.

Description: Eight charges have been brought against a former Frankston ISD employee for sex crimes against children. We spoke with a children's advocacy center about their role in these types of investigations. In one year, 40,000 children received critical services at an advocacy center in Texas. They facilitate a coordinated approach to the investigation of child abuse and that's done in the best interest of the children and their non-offending care-givers.

Program Title: East Texas Live

Date: 12/21/2015

Time: 11:00am-12:00pm

Duration: 1:00

Description: Over the weekend, there was a shooting out on Highway 64. It was at a trailer park and involved the father of Constable John Smith. The shooter, Douglas Smith, has been booked into the country jail and charged with murder. Constable Smith released a statement saying they are praying for everyone involved in the incident, adding that it was a tough day for their family, but also for the other family involved. Residents in the area said they have complained about the shooter in the past since he has threatened people.
