12/31/2019	3:47 PM	8:00	Arts and Culture	Entertainment Industry	The Frame: Flea and memoir "Acid For The Children" pt. 2 (rerun)

#### **A Sampling of Listener Comments**

**(10/1/19)** I heard Libby Denkmann this am on AirTalk. She was great—her energy, how quick her mind is, her personality. Please put her in a show as a regular interviewer. It's an unusual skill set and you shouldn't let her get away.

**(10/9/19)** I listened to Cindy Chang of the Los Angeles Times about a new report that shows the LAPD searches African Americans and Latinos far more often than whites during traffic stops. The Asians need to be included in these studies, particularly when reporting from California.

**(10/15/19)** Message to Larry Mantle: Why can't we get more coverage in the media to hear how important short term rentals are to local Angelenos.

**(10/17/19)** For years of listening to KPCC, I really appreciated the quality and information it provided. That's why when it comes to car donation, I picked KPCC. \$2,600 was donated to the station last year. However, recently, the advertisement amount is getting out of control.

**(10/17/19)** I feel very disappointed in the political coverage that KPCC has been putting out since 2016. Especially this current election cycle, I do not recall hearing much about the wide range of democratic candidates in terms of the facts of their policies.

**(10/29/19)** I live in Ok. My granddaughter lives in West Hills. Your online info re: the wildfires has been a great resource for me to try to keep up with her safety. Best info I have found, not surprising you're public radio. Thanks, stay safe.

**(11/4/19)** I must say I like the way your politics section calls out Mayor Garcetti and his corrupt City Council. Not enough media does this and it speaks volumes about these journalists and their journalism, none of it good.

**(11/18/19)** I absolutely love KPCC and absolutely value the straight forward reporting from my station here in LA. For the first time in my life I am financially stable enough to the point where I was able to become a donating member.
