Programs to talk about- Volunteer Hospice Care Errand Angels-volunteers running errands for home bound residents (groceries, picking up prescription) Threshold Music Program – we work with professional musicians who bring their talents to our patients and bring the joy of music by playing small intimate concerts at our patients homes, board & care facilities. Our focus is serving those in need and all are truly welcomed, however, it is important to note that 88% of our clients are in the low to extremely low income levels, many of whom are seniors living on limited retirement income or Social Security, as well as under-insured or uninsured families. Many times these individuals and families 'fall through the cracks' and do not qualify for subsidized outside assistance.

the magic of CAN-tree! Bring the family for a new holiday tradition, grab a date for a festive evening out or treat yourself to a winter-themed stroll through hundreds of CAN-trees for FREE. Food Share is on the front line of hunger relief. While we have learned a lot about how to meet the needs of our community in the face of tragedy and unprecedented times, those aren't the lessons that stand out the most. What guides us time and time again are the stories of the people who need our help. The reasons they come to Food Share are as unique as they are, some with greater needs than others. But we know that their willingness to stand in line for food for themselves, for their children, or for their elderly loved ones is proof that they need our help. We do not judge. We do not discriminate. We do not become indifferent to these stories. In fact, it is the opposite - the line of hungry neighbors and their stories motivates us to work even harder to provide for our food insecure neighbors. And we hope that hearing their stories inspires you to make a difference in someone's life as well.
