Aired January 9, 2023

Rick Pearson joined hosts today, revealing many prophecies from the Bible that are being manifest in the news today. Using Revelation and Deuteronomy, Joel and Jeremiah, he gave examples of

blatant sin and consequences that God indicated would come if people did not repent. He compared America to ancient Babylon and offered warnings that curses follow sin and only a remnant will remain once judgement comes.

Aired January 17, 2023

According to Shawn Patrick Williams, of Warrior Nations International, the season we are currently in would be described in the Bible as the Last Days before Jesus' return. He is involved in world evangelism and encouraged viewers to "lean not on their own understanding, but rather press in to God" during these perilous times. He reported signs, wonders, and miracles happening around the world in the midst of wars, rumors of wars and evil all around.

Aired February 2, 2023

Pastor Angel Maestre, of Oasis WIP Multicultural Ministries, joined Dorothy on the program today as they invited and exhorted viewers to join the ministries who have joined together to sponsor the March for Jesus and the Hispanic Family Day and the Commons in downtown Augusta, Ga. Aired February 3, 2023

Pastor Roger Gardner, from Under the Bridge Ministries, brought good news today of a partnership with Project Life in South Augusta in providing necessities to the homeless and underserved in the local area. This will not change the services being offered on Saturdays under the bridge on 15th Street, but it will offer more resources to those who need practical help with groceries, job training, clothing for interviews and the likes.

Aired March 27, 2023

According to Carl Gallups, our guest today, we are living in very prophetic times. Carl Gallups brought to viewers attention the recent events going on in Israel and the world. All of these events were spoken of in the Bible and no one should be surprised that these things are coming to pass. Deep state in Israel, deep state in America, global perversion, Artificial intelligence, people seeking seriously to become immortal. He encouraged believers to wake up because time is short and the devil is roaming to & fro seeking whoever he can destroy.

Aired March 28, 2023

Carl Gallups was with Club 36 again today, sharing more of the biblical evidence of the end times and how it is demonstrated in the news and events all around us today. He used examples of Scripture that Jesus told his disciples would be evident in the last days. A prominent example of signs of the times was that it would be like in the days of Noah, people eating and drinking, giving and being given in marriage. While that sounds normal on the outside, a deeper look leads one to believe that there was a dark side to this. God destroyed the then known world due to the evils of the day. The world today is at the peak of evil, all around, perverted, dark, sinister globally. He also talked about Easter, the history of it, as a pagan event begun by Constantine and the church going along with it to prevent further persecution in 325 AD.

Daily TV7 Israel News provides a brief news update and prayer concerns for Israel.

This quarter the events were offered as part of the Club 36 daily program, which included several mentioned in the above notes. Current Events are also noted on our WBPI Website.
