Stroudsburg, PA

March 2009

I, along with Torie Smith and the rest of my staff, would like to express our sincere appreciation for your dedicated participation in our "Holiday Toys for Youth" program.

Much of the program's success is to be credited to the thoughtfulness of our area's residents, the generosity of the local businesses and the employees, and to those who have unselfishly contributed their time, monies and services to the program and its mission. I am pleased to advise you that, for our seventh year, we collected toys and monetary contributions totaling over \$41,000.

I am pleased to say that it is this kind of overwhelming community participation that benefits not only those who are less fortunate, but also helps in the promotion of good will, while asserting the public image we strive for each day by "Working Together to Make A Difference" in Monroe County.

Thank you, again, for your unselfish donation to this worthy cause.

Respectfully,

Todd A. Martin
