Dear Shane:

On behalf of the East Carolina University School of Communication, thank you so much for participating in our School's internships and job search event for our journalism students on Wednesday. Students listen to their faculty speak to them all the time, and sometimes they listen; sometimes they don't. But when they have the opportunity to hear from current professionals in the field about the opportunities you offer and the preparation you expect, it means so much more. Thank you for providing that input and for speaking to our students informally after the event. Since then, our students have spoken highly of the event and of the chance to hear from you and meet you, as they consider their future endeavors.

We appreciate your support of our students and our internship program and look forward to continuing this partnership in the future.

Sincerely,
