## CHILDREN'S PROGRAMMING

The following program is not broadcast within the core programming time period, and is not considered as part of WCTI's children's core programming. However, because of the content and educational purpose of the program, we submit it as part of this report as well as the quarterly FCC 398 filing to show good intent.

### **TELESTORY TIME**

Hosted by retired local head librarian Elinor Hawkins, the program is specifically designed for children 2—11 years of age. Each week, Miss Elinor reads several story books that present basic moral and ethical qualities desirable in young children. The program is a local entity, having been on the air for over 50 years, and satisfies the requirements for the Children's Television Act, as it has since its inception.

Broadcast: Saturday 6:00 – 6:30 AM
