

1st Quarter 2009 Report: Issue/Program List: Issue-Responsive Programming

KSTW-TV regularly broadcasts programs and informational messages dealing with issues that affect its viewers and the communities in which they live. A format description of the programming follows:

PROJECT GREEN (Messages)

KSTW presents an encompassing campaign that will help Western Washington become a better place to live through awareness, education and programs dedicated to the environment. Project Green messages will air on KSTW and KSTW.com. From tips to living green, articles and a calendar of green events in the region, KSTW.com will be a leader in green information in Western Washington.

PUBLIC SERVICE ANNOUNCEMENTS (PSAs)

(Various)

Informational messages in lengths of (:60), (:30), (:20), (:15) and (:10) that air throughout the broadcast day and night which serve the community's needs and interests by promoting messages and services of not-for-profit organizations and charitable causes. Many of these public service announcements have local impact.

PUBLIC AFFAIRS PROGRAMMING: "NorthWest Indian News"

Hosted by Lummi Tribal member Chenoa Egawa, this show explores the issues, people and events impacting Native Americans throughout the country.

PUBLIC AFFAIRS PROGRAMMING: "South Sound Business Report"

South Sound Business Report is a partnership between the Business Examiner Newspaper Group and Clover Park Technical College in Tacoma to highlight business activity in the South Puget Sound. Topics include environment, agriculture, business growth, transportation, education, finance, real estate and economic development.

Ascertainment Issues 1st Quarter 2009

The following is a description of what KSTW Television has determined to be the most significant issues facing our local communities. This list reflects ongoing topics, as well as a brief list of other issues presented by citizens and community leaders:

Violence and Crime

Teen violence, gun violence, juvenile crime and domestic violence are areas of increasing concern. There is a need to establish safer communities through education, advocacy and youth leadership programs. Policy makers need to identify a long-term, dedicated funding source for human services programs. Communities need to improve access to information and services for teens and provide safe places for children and youth during out-of-school hours. Media needs to promote programs designed to train children how to handle violence.

Child Abuse and Neglect

Child abuse and child neglect are areas of increasing concern. Social isolation is the number one factor of child abuse. Parental support and group parent interaction are key issues. Communities need to provide programs that enable parents of infants and young children to meet the challenges of parenting through mutual support and shared information. New moms need access to parenting resources and tools. Teen pregnancy is a growing concern. 66% of teen parents in Washington have been sexually abused and 60% of homeless youth have experienced physical or sexual abuse. Programs that help abused, neglected or poverty-stricken children attain self-esteem and confidence (i.e. Treehouse) need media attention and awareness.

Homelessness and Housing

There is a critical need for emergency, transitional and low-income housing in our community. Every family needs a safe, stable home base to achieve success; it is especially important for children. Homeless and runaway youth need tools for self-sufficiency, access to basic survival skills, HIV education, referrals to shelters and access to public transportation and health clinics. Programs helping families move from temporary housing to permanent housing need media attention. Due to illness, aging, inflation, or any number of uncontrollable causes, many older homeowners are not able to provide repair work, resulting in unsafe living conditions. Volunteers and media sponsors are needed to staff housing project campaigns such as Habitat for Humanity.

Education

Quality education, early education and after-school tutoring programs are areas of growing concerns. There is a need for parent involvement in schools. Media needs to promote the academic success of children and youth through mentoring and tutoring programs. Media needs to promote the academic success of at-risk and low-achieving

students, particularly in the area of literacy. After-school community programs that help kids succeed in school and prepare for life need community awareness. There is a critical need for one-to-one mentors for students in elementary and middle schools. Schools need to develop new resources and community leadership programs to help children achieve at a higher level and assure the achievement of every child.

Health Care

Issues surrounding quality and affordable health care are an increasing concern. Seniors (over 65 years of age) need reasonable, reliable and affordable health care services. Persons with disabilities need assistance with medical limitations, restrictions and boundaries. Funding long-term health care problems need media attention. Non-profit agencies providing basic health care need fundraising and community support. Long-term care resources need to be made accessible to persons with limitations and disabilities.

Traffic

There is a need for better traffic flow, timed lights in the city and improved general efficiency on highways. Ongoing construction projects need media support. Traffic is the number one delay factor in emergency response times. Media need to educate drivers to move to the right for emergency vehicles, sirens and lights. Cell phone laws and regulations need to be enacted.

1st Quarter 2009 Puget Sound Broadcaster's Ascertainment Meetings Topics:

- 1/21/09 Hosted by KHCV-TV, the entire meeting was dedicated to the birthday of Dr. Martin Luther King, Jr. and to the inauguration of the first African American President. Keynote speakers included:

The **Dr. Reverend Robert Jeffrey** (Chief Executive Officer) Black Dollar Days Task Force and **Stephanie Ellis-Smith** (Founder/Executive Director) The Central District Forum for Arts and Ideas.
- 2/11/09 Hosted by the Public Broadcasting station KBTC in Tacoma, the following speakers participated in the meeting:
Susan Adams, Director, Crystal Judson Family Justice Center. The center was founded by Tacoma/Pierce County and all services are related to domestic violence with 2,600 clients.
Kelly Phanco, Executive Director, First 5 FUNdamentals. The organization's mission is that all Pierce County children start school ready to succeed. Their focus is on strengthening the early care and education of children 0-5 in Pierce County.

Juliana McWilliams, Director of Development, World Relief Seattle.

This national organization's mission is to aid refugees moving into the Tacoma/Pierce County area.

Ken LeBlond, Public Affairs Specialist, Fisher House Foundation.

The VA Puget Sound Fisher House provides, at no cost, a place where families can be near their loved ones as veterans recover from illness or injury at VA Puget Sound Health Care System.

Sarah Slack, Founder, The TEARS Foundation.

The foundation is a grief support group providing counseling for survivors of infants who die. The foundation originated in Puyallup but serves the entire state of Washington and hopes to go national.

3/04/09

Hosted by KIRO-TV, the following speakers participated in the meeting:

Bonnie Hilory, Executive Director, HAAS Foundation.

The foundation provides funding to needy secondary school students through partnership with those closest to the student: the teachers, counselors, coaches and staff at the student's school. Each August, the foundation provides an initial round of grants to eligible schools, who must report back to the foundation at the end of the year how the funds were disbursed.

Jim Thompson, Grants Manager, Building Changes.

Building Changes believes everyone deserves the opportunity for a home, healthy life and a good job. The organization unites public and private partners to create innovative solutions through expert advice, grant making and advocating for lasting change. The organization's vision is to end homelessness together.

Francesca Fabile, Sr., Communications Director, American

Heart/Stroke Association. This voluntary health organization is dedicated to building healthier lives, free of heart disease and stroke. The association funds cutting-edge research, conducts lifesaving public and professional educational programs and advocate to protect public health.

Dwight Gee, Executive Vice President, ArtsFund.

Through ArtsFund, everybody can take part in art. ArtsFund donors support nearly 70 local arts groups, large and small, so they can provide stimulating and enlightening arts for the community.

Jeff Honeycutt, Director, Voluntary Service.

As part of the Veterans Administration, Voluntary Service Puget Sound features 1,000 individuals who annually contribute over 160,000 hours of their time and talents in service to those who served. VA volunteers provide veterans with needed transportation to their appointments, provide therapeutic companionship and one-to-one assistance.

Will Niccolls, Development Director, Outdoors for All Foundation.

The foundations' mission is to enrich the quality of life for children and adults with disabilities through outdoor recreation. The foundation enlists the support of over 600 volunteers to deliver programming in over a dozen

different outdoor activities. Outdoors for All has made it easier for everyone to get outdoors!
