Re: Certificates of Compliance for the Children's Television Act of 1990

Dear Affiliate:

As of January 1, 1992, the Federal Communications Commission's rules ("FCC Rules") implementing the Children's Television Act of 1990 ("Act") require cable operators to maintain certain records regarding their compliance with advertising limits imposed on children's television programming. Accordingly, Turner Network Sales, Inc. provides the attached Turner Entertainment Networks' certificates of compliance for 3rd Quarter 2019. Please note that the Act's advertising limits are inapplicable to CNN, Headline News, TBS, Turner Classic Movies, TNT, TruTV, CNNI, and CNNE as these networks do not carry children's programming. If there are any changes in the programming policies of these networks, we will provide you with updated certifications reflecting such changes.

To comply with the FCC Rules, please place the attached certificates of compliance in your system's public file(s) no later than the tenth day of the current quarter following the quarter in which the programming aired.

For your convenience, the certificates of compliance are also available online for your review. Please follow these steps in order to download the certificates:

**CARTOON NETWORK
CERTIFICATE OF COMPLIANCE WITH COMMERCIAL LIMITS
FOR CHILDREN'S PROGRAMMING**

I, Toni Millner, in my capacity as Assistant General Counsel and Vice President – Kid Vid Compliance for Turner Broadcasting System, Inc. (“Turner”), hereby certify to the best of my information, knowledge, and belief, that the following information is accurate for the period from July 1, 2019, to September 30, 2019:

- 1) I am familiar with the statutory limits of the Children’s Television Act of 1990 (the “Act”) and the FCC regulations implementing those limits (no more than 12 minutes per hour of commercial matter may be telecast during children’s programming* on weekdays, and no more than 10 ½ minutes per hour on weekends).
- 2) Turner treated all of the programs telecast on Cartoon Network, a leading ad-supported cable television network, as “children’s programming” for the purposes of the commercial limits set forth in the Act except for its telecast in the “Adult Swim” block of programming created for an adult audience that airs late night seven days a week.** On a weekly basis, therefore, approximately 98 hours of television programming were treated as “children’s programming” for the purposes of the commercial limits set forth in the Act.
- 3) Turner has, as a standard practice, formatted and telecast all of the programs on Cartoon Network during the period noted above within the commercial limits set forth in the Act, to the extent applicable to the programming.
- 4) To the best of my information, knowledge and belief, there was only one instance in which the commercial limits were exceeded during this period. A detailed account of the commercial matter “overage” occurring on Monday, September 2, 2019, is included in Exhibit 1.
- 5) Turner regrets this incident, which we have proactively investigated and reported. Turner continues to work to train its personnel and identify ways to improve our KidVid compliance procedures. Moreover, we urge that this incident be viewed in the context of the large amount of children’s programming (approximately 98 hours per week) that Cartoon Network has telecast during this period in compliance with the KidVid rules and regulations.

Certified by me this 3rd day of October, 2019.

Toni Millner
Assistant General Counsel and
Vice President - Kid Vid Compliance
Turner Broadcasting System, Inc.

* “Children’s programming” for the purposes of the commercial limit means “programs originally produced and broadcast primarily for an audience of children 12 years and under.”

**During this period, the “Adult Swim” block of programming aired 7 nights a week from 8 p.m. to 6 a.m. on 7/1/19 – 9/28/19 and from 9 p.m. to 6 a.m. on 9/30/19. The Adult Swim block contains a warning to notify and remind viewers that the content is intended for an adult audience. It is not considered “children’s programming” subject to the commercial limits set forth in the Act.

Exhibit 1

Cartoon Network aired a programming marathon featuring every single episode of *Steven Universe* over the Labor Day weekend. On Monday, September 2, 2019, an employee working within Turner's Broadcast Operations Center ("BOC") discovered that one of the *Steven Universe* interstitials unexpectedly aired two times, which adversely affected the formatting and timing of the remaining programming and commercial elements for the day. This resulted in two minutes of commercial matter spilling into the hour between 9-10 a.m. and a technical commercial overage based on the clock-hour rules.

Turner has a process in which a dedicated "KidVid" compliance team conducts a detailed daily review of the telecast logs and playlists before they are finalized to verify that the commercial time limits will adhere to the statutory limits based upon the clock hour rule. In addition, BOC personnel perform time checks during their shifts and manage any necessary adjustments to the playlists. The BOC personnel discovered that a duplicate *Steven Universe* interstitial was mistakenly added between 7-8 a.m. disrupting the timing of the programming and commercials for the remainder of the day. The BOC personnel who discovered the timing discrepancies worked diligently to make adjustments and correct the remainder of the day's schedule but the discovery was made only after Cartoon Network had already experienced a commercial overage between the 9 a.m. – 10 a.m. hour exceeding the hour's commercial time limits by two minutes.

The investigation has not been able to determine the cause of the duplicate interstitial and whether it was due to an unintentional human or technical error. The BOC personnel on duty appreciated the importance of the KidVid rules and procedures and worked quickly to fix the schedule and avoid any additional commercial overages after the problem was discovered.

- 2) Turner has treated all of the programs telecast on Boomerang as “children’s programming” for the purposes of complying with the commercial limits set forth in the Act.
- 3) Turner has, as a standard practice, formatted and telecast all of the programs carried on the Cartoon Network during the period noted above within the commercial limits set forth in the Act, to the extent applicable to the programming.

Re: Certification of Compliance, Q3 2019

Dear Partner,

This Letter is intended to assist you in satisfying your obligations under i) the Children's Television Act of 1990 (the "CTA"); and ii) the Telecommunications Act (Accessibility of Video Programming), and any FCC regulations relating thereto in connection with your carriage of our video programming services, Insight TV.

CTA

TV Entertainment Reality Network B.V. (trading as "Insight TV") hereby certifies that Insight TV did not air children's programs (as defined in the CTA) in the third quarter of 2019, and we trust that this enables you to satisfy your obligations under the CTA in connection with your carriage of Insight TV.

Closed Captioning

In addition, Insight TV has established that a number of self-implementing exemptions apply to it.

Section 79.1 (d) (Title 47, Chapter 1, Subchapter C, Part 79, Subpart A, §79.1) on Accessibility of Video Programming provides that any video programming or video programming provider that meets one or more of the following criteria shall be exempt from having to provide Closed Captioning:

- A. 79.1 (d) (9): Programming on a video programming network for the first four years after it begins operations (...).
- B. 79.1 (d) (12): No video programming provider shall be required to expend any money to caption any channel or stream of video programming producing annual gross revenues of less than \$3,000,000 during the previous calendar year (...). For the purposes of this paragraph, each programming stream on multicast digital television channel shall be considered separately for purposes of the \$3,000,000 revenue limit.

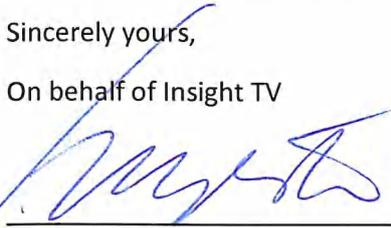

Ad A: With reference to paragraph 154 of the Report and Order (MM Docket No. 95-176) and footnote 552 of the 2014 Report and Order on Closed Captioning of Video Programming (CG Docket No. 05-231) the four-year exemption commences from the date the new network has launched. Since Insight TV only launched in the US as of October 2017, this exemption applies up until October 2021.

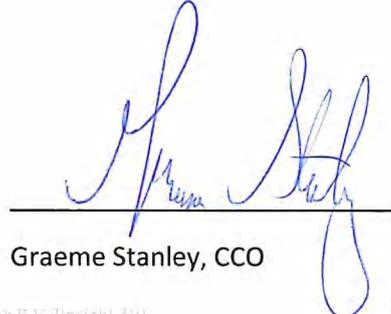

Ad B: In addition to the exemption of section 79.1 (d) (9), Insight TV is also exempt under section 79.1 (d) (12), as the annual gross revenue produced on Insight TV's US channels in the previous year has not exceeded the \$3,000,000 threshold, nor will it exceed such threshold in 2019.

Should you have any questions relating to the foregoing, please do not hesitate to reach out to us.

Sincerely yours,

On behalf of Insight TV

To whom it is concerned:

This letter is in response to your request regarding Newsmax TV and requirements for Closed Captioning, Children's Television Act, and "CALM" act.

Newsmax Broadcasting currently meets requirements set by the FCC requirement of Closed Captioning (See 47 C.F.R. § 79.1). Newsmax TV uses a service by EEG called Lexi, which is a cloud based system that translates the speech to text, then sends it to an EEG encoder model HD 490, which embeds the captioning into our broadcast stream that is then distributed to our linear and digital partners.

Additionally, Newsmax Broadcasting is not an over-the-air broadcaster so the Children's TV Act does not apply.

Included is a letter regarding Newsmax "Calm Act" compliance.

Should you have any questions or need further assistance please feel free to contact me directly.
