4/14/16: Dr. Write with Alta Vista Regional Hospital. She informed the community about the different medical services the hospital provides, and shared the history of the hospital. She explained why the hospital shut down the OB department. This has caused a lot of stress and anger with the citizens especially since a young mother and her unborn son died in a traffic accident on I-25 in the month of March as she and her husband traveled back to Las Vegas from a doctor's OB appointment in Santa Fe. Citizens believe that had our local hospital not shut down their OB department, this family would not have been forced to travel out of town to see an OBGYN doctor and she and her son would today be alive. Also, a second husband and pregnant mother had a blow out on I-25 at about 2: a. m. three days after our local hospital shut down the OB department. This family had to call a family member to go pick them up and drive them to her doctor's appointment in Santa Fe. The hospital CEO has said he plans to reopen the OB department in the future but the community does not believe this to be true. Duration of talk: 8:10 a. m. to 9:30 a. m.
