TO: PROGRAM DIRECTORS

FROM: CAROL HUBMASTER-BROOKS / HOPE KIRSCHNER / FERN ROTFELD

RE: PRODUCERS FCC OBJECTIVE LETTER - "WILD ABOUT ANIMALS"

"WILD ABOUT ANIMALS" is a half-hour weekly animal magazine series. The show is hosted by the Emmy-award winning actress Mariette Hartley. Mariette has committed herself to fighting for the rights of animals for over 20 years.

This series is produced for children 16 and under (specific target audience is 13-16). As the producers of "WILD ABOUT ANIMALS," it is the objective of Steve Rotfeld Productions, Inc., to educate and inform children, specifically in the target age group, by bringing them entertaining and interesting stories about the world's most fascinating animals. Each episode will consist of four (4) different stories designed to teach children about both exotic and unique animals, as well as to educate them further about animals they see everyday.

We provide a written synopsis of each episode for your FCC Children's Television Report. These write-ups will be e-mailed to your station on a quarterly basis. Also, each episode is close-captioned and E/I inscribed throughout.

If you need additional information, please feel free to contact us.

In accordance with the 1990 Children's Television Act (CTA) intended to increase the amount of educational and informational programming for children on television, **Eco Company** clearly meets the goals of providing children and young teens with a television show that meets CORE requirements of the FCC as follows:

1. **Eco Company** provides CORE programming in the area of the environment and preservation of the earth's resources. Eco Company explores all aspects of being "green" and understanding how our actions impact the world. The E-Co team find out about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally each week the show will provide practical tips that teens, and people of all ages can use in their daily lives.
2. **Eco Company** uses the technique of peer reporting. The diverse and dynamic cast of teens who make up Eco Company combine their natural curiosity with their enthusiasm to report the informational stories to teens and their families. Each episode employs Eco Company "members" or hosts who conduct interviews of peers and adults, and experience first hand the demonstration and explanation of the topic.
3. An **Eco Company** website that can be easily accessed by parents providing a clear description of the program and types of topics covered. It will also provide a listing of the days and times shows are aired on broadcasting stations through the USA. Advanced notice of programming will also be available to parents and consumers by the website.
