1611 S Main St.  
Dayton, OH, 45409

**WHKO-FM  
Dayton, Ohio  
Camelot Radio Buyer, LLC**

Each quarter, WHKO-FM places in its Online Public Inspection File, a list of what it considers programming addressing some of the significant issues for the station's community. The following is a list of issue-responsive programming aired on the station between April 1 and June 30, 2021. While this list contains a brief description of some of WHKO-FM's most significant programs, it doesn't include all programs and program segments broadcast by the station during the second quarter. Please contact the station for more information about the station's issue-responsive programming.

Submitted by: Ksenia Mayakova, Community Relations Manager, Cox Media Group Ohio

Dated: July 6<sup>th</sup>, 2021.

During the second quarter, the station regularly aired the following local public affairs programs:

- Viewpoints, 5:00-5:30 a.m., Sunday
- Radio Health Journal 5:30-6:00 a.m., Sunday
- WHIO Reports, 6:00-6:30 a.m., Sunday

During the second quarter, the above listed programs covered a number of issues responsive to the community's needs, including but not limited to:

- COVID-19 Pandemic
- Culture/Ethics
- Economy
- Education/Science
- Healthcare/Mental Health Issues
- Public Safety/Benefits
- Civic

The following summarizes a representative sample of programming that provided the most significant treatment of community issues during the past quarter. Programming frequently deals with more than one issue. All durations listed within report are approximate. Durations listed in Hours: Minutes: Seconds (i.e. 01:20:00).

Issue and Description: COVID-19 Pandemic	Date	Time	Length
<b>RADIO HEALTH JOURNAL, SEGMENT 2, "TRACING COVID IN ANIMALS &amp; WATER":</b> Scientists are testing hundreds of different kinds of animals as well as waste and storm water for COVID-19, looking for reservoirs for possible mutation. They've learned even pets can possibly harbor the virus but probably aren't a threat. An expert discusses how the knowledge will combat COVID variants.	4/18/2021	5:30 AM	00:07:06
<b>RADIO HEALTH JOURNAL, SEGMENT 2, "COVID AND PTSD":</b> Studies show that as many as a third of people who were very ill with COVID-19 later develop PTSD. Caregivers and healthcare workers may be afflicted as well. An expert discusses how this develops and what people can do to get better.	5/2/2021	5:30 AM	00:06:45
<b>WHIO REPORTS, "DOWNTOWN DAYTON AFTER PANDEMIC":</b> This edition of WHIO Reports will focus on how businesses and organizations in downtown Dayton plan to return to normal following the COVID-19 pandemic and once health restrictions have been lifted.	5/9/2021	6:00 AM	00:24:30
<b>RADIO HEALTH JOURNAL, SEGMENT 1, "THE DISTORTED SMELL OF COVID-19":</b> Many of those who've had COVID-19 have suffered from a temporary loss of their sense of smell, but some have had what seems to be an even worse symptom weeks or months later—a distorted sense of smell, where everything, from coffee to flowers, smells sickeningly awful. An expert and a former sufferer discuss how disruptive to life this can be and what people can do to make it through to recovery.	5/9/2021	5:30 AM	00:12:40

**RADIO HEALTH JOURNAL, SEGMENT 1, "THE COVID BABY BUST":** The US birth rate has been declining since the Crash of 2008, but it took an even larger decline during the pandemic to levels unseen since the Great Depression. Today fertility rates are below replacement levels, which could have big impacts on education, employment, and the tax base years down the road. Experts discuss how people make fertility decisions and the impacts they can have on the nation. With Ohio births rates going down as well, this episode will be of great interest for the Dayton, OH audience.

5/16/2021 5:30 AM 00:12:26

**RADIO HEALTH JOURNAL, SEGMENT 2, "COVID AND KIDNEY DISEASE":** Covid-19 is usually a respiratory disease, but it can affect virtually any organ in the body. The nation's top kidney disease expert discusses how Covid can prompt life-threatening kidney effects in the previously healthy, and how those with kidney disease are more susceptible to severe Covid infection.

5/23/2021 5:30 AM 00:06:25

**RADIO HEALTH JOURNAL, SEGMENT 1, "MISSING THE GOAL OF HERD IMMUNITY":** Since the Covid-19 pandemic began, public health experts have looked to vaccines with the goal of creating "herd immunity," where so many people are vaccinated that the virus stalls out. Now it is clear we will not reach that goal, meaning the threat of the pandemic may drag on for years. One of the nation's leading infectious disease experts discusses how we are missing the target and what it means. With only about 45% people vaccinated with at least one dose of vaccine in the Montgomery Co., OH, this topic is highly relevant for the local audience.

5/30/2021 5:30 AM 00:12:21

**RADIO HEALTH JOURNAL, SEGMENT 2, "CLINICAL TRIALS AND TRUST IN UNDERSERVED COMMUNITIES":** People of color are less likely than others to receive timely treatment for medical issues. This is reflected in Covid-19 vaccination numbers, in cancer treatment, and in clinical trial participation. Experts discuss ways to increase participation, especially in clinical trials that might ultimately raise trust in medicine. With African Americans making more than 40% of the Dayton population, the issue relevant for the local audience.

5/30/2021 5:30 AM 00:07:36

**RADIO HEALTH JOURNAL, SEGMENT 1, "HOW  
COVID MASKS HAVE AFFECTED CHILDREN'S  
LANGUAGE DEVELOPMENT":**

6/13/2021 5:30 AM 00:12:31

Infants, toddlers, and grade school children use many cues to learn language. Some of them are visual, involving seeing the mouth move. Some depend on clearly hearing speech. Both have been impacted by mask wearing during the pandemic. Experts now studying how far behind children are as a result discuss how language develops in children and how it's been affected in the pandemic. With Ohio mask order being canceled less than a week ago, the issue is critical for the Dayton, OH audience.

Issue and Description: Culture/Ethics	Date	Time	Length
<b>VIEWPOINTS, SEGMENT 2, "THE GROWING WEALTH OF THE BILLIONAIRE CLASS":</b> Facebook founder and CEO, Mark Zuckerberg added 41 billion dollars to his wealth over the past year. And that's nothing compared to what Tesla CEO, Elon Musk raked in: 157 billion. The majority of humans on the planet can't even fathom earning that amount of money. Yet, for many in the top .01 percent, it's a never-ending cycle of holding onto and building their wealth for generations to come. As the rich get richer and take up a bigger piece of the pie, what's left for the rest of us? How can leaders and laws slow this extreme wealth inequality? With a noticeable wealth segregation in the Dayton Metro area, this topic might draw a lot of attention among the local audience.	4/18/2021	5:00 AM	00:09:27
<b>RADIO HEALTH JOURNAL, SEGMENT 2, "RESEARCH ETHICS NOW VS. THEN: A CASE STUDY":</b> In the mid-1960's, many Ivy League and Seven Sister colleges as well as prestigious prep schools allowed researchers to photograph incoming students naked as part of work on a now-discredited theory linking physical characteristics to leadership potential. A former student who went through it, now a physician and writer, discusses how research ethics have changed in the last 50 years.	5/9/2021	5:30 AM	00:07:12
<b>VIEWPOINTS, SEGMENT 2, "WHY AREN'T MORE WOMEN FINANCIALLY INDEPENDENT?":</b> The U.S. workforce is now more than 50 percent female, yet many women today still have little knowledge on financial planning and how to make their income work for them rather than the other way around. Executive and financial expert Jennifer Barrett joins us this week to shed some light on the importance of becoming financially autonomous and advocating for yourself in your career, relationships and beyond.	5/16/2021	5:00 AM	00:09:33

**VIEWPOINTS, SEGMENT 2, "THE WEDDING PAGES":** The first New York Times wedding announcement was published in 1851. It was one sentence long and covered a young, white couple who had just married in New York. Today, the wedding and engagements section at the paper and other media outlets across the country look a lot different. We explore how this unique page has evolved over the years and the rat race some couples go through to get an announcement published at a prominent paper like The New York Times.

**VIEWPOINTS, SEGMENT 2, "THE TOLL OF EXCESS CLOTHES PRODUCTION":** The average clothing item today is worn anywhere from seven to ten times before it's discarded or donated. Why is this number so low, and what happens once the garment leaves a person's closet? Maxine Bedat, a prominent voice in sustainable fashion, joins us this week to shed some light on the clothing crisis and how it's impacting workers and the environment.

**VIEWPOINTS, SEGMENT 1, "THE TOP ONE PERCENT & THE ACCRUAL OF BILLIONS IN WEALTH":** The 50 richest families in the world have a combined net worth of \$1.2 trillion dollars. The Koch family, the second richest name on the list, is worth a staggering \$100 billion dollars. Could you imagine having that amount of money? It's definitely enough to sustain several generations to come. How does one accumulate so much wealth? For many families, it isn't just about success and business growth, but the business of building wealth through loopholes like philanthropy and loose taxation laws.

Issue and Description: Economy	Date	Time	Length
<b>RADIO HEALTH JOURNAL, SEGMENT 1, "GIVING CASH TO THE HOMELESS":</b> Homelessness continues to be a stubborn problem despite many well-intentioned programs. A new experimental study finds that giving homeless people thousands of dollars in cash helps get many of them off the streets for good, calling into question many assumptions about the homeless and how they got that way. Experts discuss the new program and its implications for ending homelessness. Knowing that over 500 are considered homeless in the Montgomery Co., OH and 1/8 of that population being families with kids, this topic is of great importance for the local audience.	4/18/2021	5:30 AM	00:12:56
<b>VIEWPOINTS, SEGMENT 1, "THE RISE OF CRYPTOCURRENCY":</b> The cryptocurrency that started it all, Bitcoin, is now valued at around 1.6 trillion dollars. And in just the last month, another, newer form of crypto, Dogecoin has skyrocketed in popularity across the Internet, sharply driving up the price per token. We explore the fascinating and fast-evolving world of cryptocurrency and the future of traditional financial systems as digital currency gains ground across the globe.	5/16/2021	5:00 AM	00:09:32
<b>WHIO REPORTS, "MEMORIAL DAY TORNADOES: 2 YEARS LATER":</b> This edition of WHIO Reports will focus on the Memorial Day tornadoes of 2019 and the impact they had on the local community. We revisit areas that are now rebuilding or have rebuilt.	5/30/2021	6:00 AM	00:24:30
<b>WHIO REPORTS, "POST-COVID ECONOMY":</b> This edition of WHIO Reports will focus on the local economy following 15 months of a pandemic-driven shutdown. How will businesses return and what impact it has on the local economy.	6/6/2021	6:00 AM	00:24:30
<b>WHIO REPORTS, "HOUSING IN THE MIAMI VALLEY":</b> This edition of WHIO Reports will focus on the housing situation in the Miami Valley.	6/13/2021	6:00 AM	00:24:30

Issue and Description: Education/Science	Date	Time	Length
<b>WHIO REPORTS, "LOCAL COLLEGES COVID-19 BOUNCE BACK":</b> This edition of WHIO Reports will focus on how several local colleges are working to bounce back after a year of the COVID-19 pandemic. We talk with the colleges about incentives and other plans they have to get students back in the classroom.	4/4/2021	6:00 AM	00:24:30
<b>VIEWPOINTS, SEGMENT 2, "ALPHABETICAL ARRANGEMENT":</b> Organizing people or items by A to Z is a common method all over the world. It's used in schools, businesses, libraries and more. But why is this the predominant method today? What are some other systems that people of the past used? Historian Judith Flanders joins us this week to shed some light on the fascinating study of alphabetization.	4/4/2021	5:00 AM	00:09:04
<b>RADIO HEALTH JOURNAL, SEGMENT 2, "THE BENEFITS OF WRITING BY HAND":</b> Today's students often type their assignments, no matter the grade level. Writing by hand is done less frequently, and some students are barely able to produce cursive writing. However, studies show that writing by hand creates a better connection to the brain for learning content. Experts discuss how we might tap this connection in an increasingly tech world.	4/4/2021	5:30 AM	00:07:42
<b>RADIO HEALTH JOURNAL, SEGMENT 2, "THE PANDEMIC IN HISTORICAL PERSPECTIVE":</b> Plagues such as COVID-19 are nothing new, and this pandemic is far from the worst the world has ever faced. A physician and historian examines COVID in comparison to other pandemics and discusses the lessons that will serve us well in the future.	4/11/2021	5:30 AM	00:07:21
<b>WHIO REPORTS, "MAY PRIMARY SCHOOL ISSUES":</b> This edition of WHIO Reports will focus on several of the local school races in the Miami Valley.	4/18/2021	6:00 AM	00:24:30

**VIEWPOINTS, SEGMENT 1, "THE ROLE WE EACH PLAY IN SLOWING CLIMATE CHANGE":** Despite the pandemic, carbon emissions are at an all-time high, topping records over the past 3.6 million years. For years, scientists have warned of humans approaching a critical tipping point of global warming – and it's here. Sustainability scientist Dr. Kimberly Nicholas joins Viewpoints this week to break down the current climate landscape and explain why turning things around requires a collective effort.

4/18/2021 5:00 AM 00:09:34

**WHIO REPORTS, "8TH CONGRESSIONAL DISTRICT ART COMPETITION":** This edition of WHIO Reports will focus on the newly created art competition for the 8th Congressional District. This competition helps motivate students to be artistic and to express themselves.

4/25/2021 6:00 AM 00:24:30

**VIEWPOINTS, SEGMENT 1, "WHAT HAPPENS TO THE HUMAN BODY IN SPACE?":** From abrupt changes in gravity to galactic cosmic radiation, astronauts face numerous challenges as they push to explore farther into the unknown. Dr. Emmanuel Urquieta, from the Center for Space Medicine at the Baylor College of Medicine, joins Viewpoints this week to help us understand some of the health impacts of spending time in space and the hurdles that come with longer missions like sending humans to Mars. With Ohio being home of John Glenn, Neil Armstrong, Jim Lovell, and Judith Resnick, the space and the science behind is a captivating topic for the Dayton, OH audience.

4/25/2021 5:00 AM 00:11:02

**VIEWPOINTS, SEGMENT 2, "THE SKY-HIGH COST OF COLLEGE":** 4/25/2021 5:00 AM 00:08:11

Today, the average student graduating from a four-year, public university leaves with \$28,600 in student loans. On top of this, students owe interest once payments kick in, and this can range from 3 to 5 percent for federal loans and can go as high as 12 percent for private loans. For some, the large sum of these loans plus interest can take several years to pay off and has a big effect on life decisions like when to start a family or if they can afford to leave a toxic job. This week – we cover the student loan crisis in the U.S. and talk about alternative options and resources that can help lower the current cost of higher education.

**VIEWPOINTS, SEGMENT 2, "THE MIND-BENDING MIGRATION OF THE MONARCH BUTTERFLY":** 5/9/2021 5:00 AM 00:06:51

In 2017, Sara Dykman biked more than 10,000 miles, following the path of the annual Monarch migration. Along her route, she stopped to educate and raise awareness about the beauty and fragility of the butterfly. Dykman joins us this week to teach us about the insect's unique migration patterns across North America and how individuals can help this dwindling species.

**WHIO REPORTS, "10TH CONGRESSIONAL ART COMPETITION":** 5/16/2021 6:00 AM 00:24:30

This edition of WHIO Reports will focus on the yearly art competition for the 10th Congressional District. This competition helps motivate students to be artistic and to express themselves.

**WHIO REPORTS, "DAYTON METRO LIBRARY":** 5/23/2021 6:00 AM 00:24:30

This edition of WHIO Reports will focus on all the new programs and branches that Dayton Metro Library has in store for the summer and beyond.

**VIEWPOINTS, SEGMENT 1, "THE CYCLE OF FOOD WASTE":** The average person ends up trashing 25 percent of the food they buy from the grocery store. This can mean fresh produce, expired dairy, stale bread – the list goes on and on. This cycle of food waste across households, grocery stores and restaurants adds up, resulting in more than 81 billion pounds of fresh, edible food being thrown away each year. What's the solution? Two food experts join us this week to offer some answers. With several local organizations like the Dayton Foodbank offering food waste programs, this topic will be relevant to the local audience.

5/23/2021 5:00 AM 00:09:24

**VIEWPOINTS, SEGMENT 2, "THE 40TH ANNIVERSARY OF THE NASA SPACE SHUTTLE":** The birth of the space shuttle in 1981 marked a new era of space travel. For the first time ever, NASA had a spacecraft that could launch into space and come back to earth and land like an airplane. While the shuttle had many successful flights, there were also some big catastrophes that ultimately led the program to cease operations in 2011. Former chief historian of NASA Roger Launius joins Viewpoints this week to tell the story of this era of American space history. With Dayton, OH being home of the National USAF museum that dedicates a big part of its permanent exhibition to the history of space exploration, this topic will greatly appeal to the local audience.

5/23/2021 5:00 AM 00:09:54

**VIEWPOINTS, SEGMENT 1, "THE DEBATE ON INVASIVE SPECIES":** Many people are worried that non-native plants and animals are invading the U.S. and preventing native species from thriving. Each year, a lot of money and time is spent trying to rid the land of these aliens - often to no avail. But, are these species present because they're the only ones that can exist in that environment? Are some plants and animals actually helping to create a more diverse and robust ecosystem? And are some native species really native to the U.S.? Our guests offer up a different perspective on the invasive species debate.

5/30/2021 5:00 AM 00:08:11

**VIEWPOINTS, SEGMENT 1, "THE ENVIRONMENTAL EFFECTS OF STAGGERING PALM OIL PRODUCTION":** 6/13/2021 5:00 AM 00:09:59

In the U.S., most Americans commonly use vegetable or olive oil when cooking. While we don't often hear about palm oil, it's in many of the products that we buy at the grocery store, including everything from food to personal care products. And abroad, palm oil is widely used in cooking and frying. Last year, global consumption reached 72 million tons. However, this ingredient is not being produced sustainably and has led to widespread deforestation in Southeast Asian countries. What's being done to curb the palm oil crisis?

**VIEWPOINTS, SEGMENT 1, "THE ENDLESS DROUGHT: DWINDLING WATER IN THE WEST":** 6/20/2021 5:00 AM 00:11:15

Lake Mead, the reservoir created by the Hoover Dam, is at its lowest levels ever recorded. Drought is not a new problem in the West, but it is getting worse as the years go by. What's being done to curb water consumption and increase supply, so people's taps don't run dry?

Issue and Description: Healthcare/Mental Health Issues	Date	Time	Length
<b>VIEWPOINTS, SEGMENT 1, "ENTREPRENEURSHIP IN THE ADULT-USE CANNABIS MARKET":</b> New York is the latest to legalize recreational marijuana. This move will create thousands of new jobs and is expected to generate billions of dollars in revenue after a lackluster year in tourism, real estate and business. And New York isn't alone. Each year, more states are voting to allow both adult-use and medical marijuana sales. But, with this, comes challenges. In a fast-growing industry, how do you ensure that smaller entrepreneurs aren't left behind? Or those who've been systemically affected by the war on cannabis are given greater opportunity? With medical marijuana being legal only for qualified patients and caregivers in Ohio, this topic could be of great interest to the local audience.	4/4/2021	5:00 AM	00:09:29
<b>RADIO HEALTH JOURNAL, SEGMENT 1, "ASSESSING THE PSYCHOLOGICAL WRECKAGE OF THE PANDEMIC":</b> Many people are relieved that, thanks to vaccines, the COVID-19 pandemic seems to be waning. But the mental health wreckage of the last year will take longer to overcome. Experts discuss how it's showing up and what people can do to get back on track.	4/4/2021	5:30 AM	00:12:14
<b>VIEWPOINTS, SEGMENT 1, "MANAGING MENTAL HEALTH IN THE MEDICAL FIELD DURING A PANDEMIC":</b> Physician burnout is still a very real problem in the U.S. – and the pandemic has only exacerbated these feelings in some of the hardest hit hospitals across the country. We speak with Dr. Greg Hammer at Stanford University about the pandemic's lasting effects on mental health and systems that have been created to better support people working in medicine or in medical school.	4/11/2021	5:00 AM	00:10:50

**RADIO HEALTH JOURNAL, SEGMENT 1, "HOW HIGH DRUG PRICES LEAD TO DRUG MISUSE":** 4/25/2021 5:30 AM 00:12:51

Millions of Americans cannot afford the medications they've been prescribed. Many skip doses, split pills or don't fill prescriptions at all as a result, with sometimes even fatal consequences. But doctors are often unable to consider cost very well in prescribing, as the same drug often costs patients vastly different amounts due to insurance differences. Experts discuss the problem and what patients can do to save.

**RADIO HEALTH JOURNAL, SEGMENT 2, "BRAIN ANEURYSM THROUGH THE EYES OF A SURVIVOR":** 4/25/2021 5:30 AM 00:07:08

Brain aneurysms—bulging in a brain blood vessel, like an inflated balloon—affect 1 in 50 people and are generally without symptoms until they burst. This occurs in about 30,000 people per year in the US, accounting for 3-5 percent of all new strokes. Here is the story of one survivor in her own words.

**VIEWPOINTS, SEGMENT 1, "JIMMY STEWART: THE HOLLYWOOD ACTOR & FIGHTER PILOT":** 5/2/2021 5:00 AM 00:10:37

The late actor, Jimmy Stewart, gave us some very memorable characters during his time in Hollywood – many very funny; others endearing; and some dark and villainous. Perhaps Stewart's most dramatic role was the one that not many people know about, but that molded his life and his psyche – not to mention his acting – for most of his career: serving as a fighter pilot in World War II. We talk to an author who delved into Stewart's war service about how flying missions over Europe and seeing his comrades die affected the actor and the types of roles he chose to play post-war.

**VIEWPOINTS, SEGMENT 2, "EASY SWITCHES FOR A MORE EARTH-FRIENDLY DIET":** As more Americans look to decrease their carbon footprints, what's one way to make a big difference? Flipping the narrative on the traditional American diet. Beef is more carbon-intensive to produce than chicken, but did you know that cheese is also worse than chicken? It's this knowledge that can change people's dietary decisions and decrease greenhouse gas emissions, slowing global warming. Paul Greenberg, a food and science writer, joins Viewpoints this week to share how people can adjust their daily eating habits to make a difference.

5/2/2021 5:00 AM 00:08:43

**RADIO HEALTH JOURNAL, SEGMENT 2, "THE CHANGING FACE OF COLON CANCER":** Colon cancer is striking much younger people than it used to, leading experts to lower the age on screening recommendations. A noted colon surgeon discusses screening and treatment options, and the way Covid-19 has changed patients' approach to getting screened.

5/16/2021 5:30 AM 00:07:35

**VIEWPOINTS, SEGMENT 2, "SWEATY PALMS, RACING HEART: FACING THE FEAR OF PUBLIC SPEAKING":** Why are people so afraid to give speeches in public? For many, it can be the cause of much anxiety and dread. We speak with a psychologist and a speech educator about why this anxiety builds and how we can use this adrenaline to our benefit when putting ourselves out there.

5/30/2021 5:00 AM 00:10:13

**RADIO HEALTH JOURNAL, SEGMENT 1, "UNDIAGNOSED MYSTERY DISEASES":** Hundreds of patients nationally have diseases that have confounded doctors and yielded no diagnosis and no reliable treatment. Today the Undiagnosed Diseases Network, founded and funded by the NIH, helps these patients, but its funding is uncertain beyond 2022. Patients and a physician leader of the UDN discuss the lonely plight of these patients and the hope UDN provides.

6/6/2021 5:30 AM 00:12:32

**RADIO HEALTH JOURNAL, SEGMENT 2, "TASTY FOOD VS. HEALTHY FOOD: FINDING A BALANCE":** 6/6/2021 5:30 AM 00:06:57

Many Americans believe that healthy food doesn't taste good, and tasty food isn't healthy. A chef who is also a cardiologist discusses how to find a balance by seeking out healthy ingredients rather than whole categories of foods.

**VIEWPOINTS, SEGMENT 2, "THE HIGHS OF RUNNING":** 6/13/2021 5:00 AM 00:08:24

'Life has many challenges – but it's how you respond to these obstacles that truly matter. Characteristics like passion, perseverance and grit can all factor into the end result and can make all the difference rather than focusing on pure talent or intelligence.

**RADIO HEALTH JOURNAL, SEGMENT 1, "SUDC—SUDDEN UNEXPLAINED DEATH OF A CHILD":** 6/20/2021 5:30 AM 00:12:23

Each year, some 400 US children over age 1, most of them toddlers, die overnight for no known reason. Families, longing for answers, often find that their families, friends, and even pediatricians are unfamiliar with this classification of death, or that they even occur. Family members who have lost a child, a medical examiner, and a research expert who has lost a child discuss SUDC.

**RADIO HEALTH JOURNAL, SEGMENT 2, "TONSIL STONES":** 6/20/2021 5:30 AM 00:06:31

Some people find that small "stones" are growing on their tonsils. They're an accumulation of skin cells, food, and other debris. While they are not medically dangerous or painful, they often produce bad breath or sometimes pain. Two expert physicians discuss tonsil stones' formation and treatment.

**RADIO HEALTH JOURNAL, SEGMENT 1, "GROWTH HORMONE FOR SHORT KIDS":** Thousands of parents take their children to doctors each year seeking synthetic growth hormone to cure their relatively short stature, even though most of these children are merely late bloomers and have nothing wrong with them. Growth hormone also makes less difference in height than parents often imagine. Studies show that short stature generally does not create psychological damage. Experts discuss the issue.

6/27/2021 5:30 AM 00:12:23

**RADIO HEALTH JOURNAL, SEGMENT 2, "MARFAN SYNDROME":** Marfan syndrome produces obvious physical symptoms such as extreme height, but its hidden symptoms, especially in the heart and eyes, can be much more serious. Experts discuss its diagnosis and treatment.

6/27/2021 5:30 AM 00:06:31

Issue and Description: Public Safety/Benefits	Date	Time	Length
<b>VIEWPOINTS, SEGMENT 2, "END-OF-LIFE PLANNING: HAVE YOU GOTTEN YOUR AFFAIRS IN ORDER?":</b> About 60 percent of Americans don't yet have a written will in place. People spend a lifetime working hard, saving money, building assets, but often never think about what would happen in case they suddenly passed away. Viewpoints speaks with life planning expert, Abby Schneiderman, about the importance of organizing your life both on paper and online.	4/11/2021	5:00 AM	00:08:10
<b>RADIO HEALTH JOURNAL, SEGMENT 1, "SURVIVING AN ACTIVE SHOOTER":</b> With the recent active shooter incidents in Atlanta and Boulder, Colorado, experts are concerned about a return of mass shootings that had disappeared during the pandemic. Two experts discuss the changing theory of how to survive an active shooter incident through what's called "run, hide, and fight." With Dayton being a part of the heart-wrenching history with its 2019 Oregon District mass shooting, this topic will be relevant for the local audience.	4/11/2021	5:30 AM	00:12:24

**WHIO REPORTS, "2021 DAYTON AIR SHOW":** This 5/2/2021 6:00 AM 00:24:30  
edition of WHIO Reports will focus on the upcoming CenterPoint Energy Dayton Air Show. We talk with committee members about all that is happening this year and what changes, or upgrades have been made to make the spectator visit enjoyable.

**RADIO HEALTH JOURNAL, SEGMENT 1, "BOTTLED WATER AND TRUST IN OUR INSTITUTIONS":** Bottled 5/2/2021 5:30 AM 00:13:17  
water sales have skyrocketed, in part because many people believe it is safer than tap water. Actually, bottled water faces few of the safety regulations that tap water does. The disconnect, according to a new study, comes from society's pervasive distrust in all governmental institutions. The lead researcher discusses how restoring faith in water could begin to restore faith in all American institutions.

**RADIO HEALTH JOURNAL, SEGMENT 1, "KEEPING GENERIC DRUGS SAFE":** Since the 1980's, almost all 5/23/2021 5:30 AM 00:12:49  
production of generic drugs has moved overseas, where FDA inspectors have a much tougher time making sure they're following rules for safety. An investigative journalist describes the ways she's found that many drug makers cut corners, putting safety at risk, and details what consumers can do to protect themselves.

**VIEWPOINTS, SEGMENT 1, "BACK TO THE BALLPARK":** Baseball is back, and fans can once again 6/6/2021 5:00 AM 00:10:37  
revel in the experience of heading to a ballpark, grabbing some peanuts and cheering on their team as they score a homerun. Longtime baseball writer and faithful Phillies fan Timothy Malcolm joins Viewpoints this week to break down some of his favorite stadiums in the U.S. and some tips you should keep in mind before buying a ticket. With love for baseball and the Dayton Flyers team being the longtime staples of Dayton community, this episode will greatly appeal to the local audience.

**RADIO HEALTH JOURNAL, SEGMENT 2,** 6/13/2021 5:30 AM 00:07:06

**"REFINERIES AND THEIR NEIGHBORS: HOW SAFE**

**IS THE AIR?":** A recent report shows that more than a dozen refineries around the US are emitting benzene pollution into the air at higher levels than allowed by the EPA. An activist discusses this newly labeled problem and what the agency can do to curb it.

Issue and Description: Civic	Date	Time	Length
<b>WHIO REPORTS, “ELECTION 2021 - MAY PRIMARY DAYTON MAYOR RACE”:</b> This edition of WHIO Reports will focus on the candidates who want to run for Dayton Mayor in November 2021.	4/11/2021	6:00 AM	00:24:30
<b>VIEWPOINTS, SEGMENT 1, "THE REDUCE, REUSE, RECYCLE CONUNDRUM":</b> How often do you buy an item from the store that’s packaged in a plastic container or wrapped in plastic? Daily decisions like these add up and are feeding into the global plastic crisis. Scientists estimate that there’s anywhere between nine to 16 million tons of plastic on the sea floor, polluting the environment, harming species and releasing harmful microplastics into every corner of the planet. Two experts on plastic join us this week to shed some light on the problem and how we can each make a difference by changing our consumption habits and calling on leaders to craft stricter laws on waste management and manufacturing.	5/9/2021	5:00 AM	00:12:05
<b>VIEWPOINTS, SEGMENT 2, "THE CAREGIVER CRISIS":</b> The Bureau of Labor Statistics reports that employee turnover at nursing homes in an average year is 74 percent. With high rates of turnover and not enough new workers entering the caregiving field, the U.S. is deep in a senior care crisis that’s only set to get worse. This week – two senior care experts join Viewpoints to discuss why no one wants these jobs and how this lack of infrastructure and funding in certain areas is creating chaos amongst seniors and their families who need help. With more that 750+ assisted living facilities on Ohio, the local audience might find the topic to be relevant.	6/27/2021	5:00 AM	00:09:56
