WWPR-FM
Quarterly Issues/Programs List

WWPR-FM provides its listeners with programming and public service announcements that address issues of concern to our local community. Among the issues determined to be of most concern to the community during the preceding calendar quarter were:

- **Arts:** Art Start nurtures the voices, hearts and minds of New York City's under-served youth through consistent creative workshops inside homeless shelters, alternative to incarceration programs, and partnering youth agencies.
- **Cancer:** Tomorrow morning we're joined by Randi of Wings Cancer Support. The purpose of Wings is to provide a positive environment for women affected by cancer- before, during and after treatment- and to alleviate stress and anxiety through the healing arts
- **Diversity in Sports:** Join us at 7AM along with Wendell Haskins of the The Original Tee Golf Club! On July 17, 2016, the Original Tee Golf Classic (OTGC) happens at Wild Turkey Golf Club. The OTGC is a premier celebrity/amateur tournament created to celebrate the African American golf enthusiast and pay homage to pioneers in the game of golf. This year, they'll be joined by Mr. Smokey Robinson, who will receive the True Original Award!
- **Employment:** YMI was created as a public-private partnership to address increasing disparities among black and Latino men between the ages of 16 and 24 in education, employment, health and justice. The mission is to develop and champion policies, programs and partnerships that holistically support the success of young men of color throughout NYC.
- **Gun Violence:** Lucy McBath's son, Jordan Davis, was shot and killed at a gas station in Florida on November 23, 2012 during an argument over loud music. Now, as the national spokesperson for Every town for Gun Safety, Lucy is on a mission to end gun violence. She joins us tomorrow to talk about her son, the gun lobby, and Every town for Gun Safety's 3.5 million member strong movement to end gun violence and build safer communities
- **HIV/AIDS:** Tomorrow morning we're joined by New York Times Best-selling author Dr. LaJoyce Brookshire to learn more about "Faith Under Fire": a Community Education Initiative. The production will run Off-Broadway August 18-21, and each performance will end with a Talk Back with the audience, writers, and community HIV Direct Care providers. There will also be HIV testing on-site and counselors. A donation will be made to the National Black Leadership Commission on AIDS. Follow them on

- **Immigration:** Are you an undocumented immigrant in New York in need of support? This morning we're joined by The NYSYLC, they're the first undocumented youth led organization in the state. NYSYLC works to empower immigrant youth to drop the fear attached to undocumented status and challenge the United States (tm) broken immigration system through leadership development, grassroots organizing, educational advancement, and self-expression. Their goal is clear: to give undocumented youth the tools and space to organize and create change in our communities.
- **Literacy:** This non-profit works wonders for parents and children who may struggle with a language barrier. They strengthen families through a two-generation approach to education and make sure every parent has the tools to create success for themselves and a better future for their children.
- **Social Justice:** Was Blue Lives Matter - NYC formed because police believe they're under attack? Join us tomorrow morning and hear the answer directly from NYPD's Sgt. Joey Imperatrice - one of the founders of Blue Lives Matter NYC. We'll talk with Sgt. Joey about real issues including racially biased policing, stop and frisk, police training, racial profiling, police quotas, the local perception of police, efforts to re-gain trust in communities, citizen responsibility, Black Lives Matter & much more.
- **Voting:** Rock the Vote is the largest nonpartisan, non-profit organization in the United States driving young people to the polls. Fusing pop culture, politics, and technology, Rock the Vote works to mobilize the millennial voting bloc and the youth vote, protect voting rights and advocate for an electoral process and voting system that works for the 21st century electorate.
- **Youth Services:** New York Center for Children (NYCC) - a child-friendly Center, providing free, comprehensive evaluation and therapy services to victims of child abuse and their families. NYCC also offers professional training on the diagnosis, treatment and prevention of child abuse.
