CHILDREN'S TV PROGRAMMING COMMERCIAL CERTIFICATION

WYZZ-TV certifies that all children's television programs carried during this quarter, which is identified below, were formatted so that, as a matter of standard policy and practice, the programs would not exceed the following commercial time limits in Section 73.670 of the FCC's rules:

Weekdays: 12:00 minutes in any hour program and 6:00 in any half-hour program;
Weekends: 10:30 minutes in any hour program and 5:15 in any half-hour program.

(Commercial matter was prorated in the same proportion for any children's program over 5 minutes, but less than 1/2 hour in duration that aired outside a longer children's program.) Attachment A identifies any commercial time overrun from the limits stated above, together with a brief explanation.

Table with 3 columns: Program Title, Day and Time Carried, Duration. Rows include Teen Kids News, Career Day, Dragonfly TV, Pets.TV, Animal Exploration, Sports Stars, Wild America.

Since the Target Audience is 13-16 year-old viewers, the commercialization limit established by Congress in the Children's Television Act of 1990 of no more than 10-1/2 minutes of commercial time per weekend clock hour and no more than 5-minutes 15-seconds per 1/2 hour of children's programming is NOT applicable. Each of these programs will be formatted with 7:30 of commercials.

There were no time periods in this quarter during which commercial time limits stated above were exceeded.
