## Network Programming

In addition to our locally produced programming specifically designed to respond to the issues and problems of our viewing area, network programs often cover issues relating to our local problems and needs.

- ***FOX News Sunday***

*FOX Network*

*Sundays 8am 60 min*

## Syndicated Programming

In addition to our locally produced news to respond to the issues and problems of our viewing area, syndicated programs often cover issues relating to our local problems and needs.

KXLT airs Children's E/I Programming Monday – Sunday 7am.

*X-Ploration: Awesome Planet* the host and experts explore the most spectacular places on earth and learn how it all came to be. Some of the places explored are bubbling volcanoes, rafting magnificent glacial lakes, hike canyons and dive in the oceans.

*X-Ploration: Outer Space* the host will take viewers on incredible journeys through space that will both entertain and educate. Such as what it's like to live in space or on another planet, and NASA related programs and internships for young students.

*X-Ploration: Life 2.0* is a high-end anthology miniseries that takes a deep and thought provoking dive a variety of topics – such as the future of human life extension, breakthroughs in interspecies communication, and other mind blowing scientific breakthroughs.

*Into the Outdoors* is a show that is hosted by an adventure team of kids discovering the fun of exploring science and nature. This half-hour program takes viewers from the highs of flying over glacial features to the lows of exploring vast caverns underground, and whether it's probing active bear dens or diving under water with sturgeon, the show decodes some of nature's most curious mysteries using cutting-edge science. The show is also supported by an online educational network that delivers scores of serious science videos and lesson activities into the classroom where teachers and students can expand their hands-on learning. *Into the Outdoors* entertains and educates while helping excite our next generation of scientists and explorers.

*Xploration Sci Q* is a fun, entertaining pop science series that tests the audience's knowledge of all things science. It engages viewers with surprising facts, quizzes, and opinions of many science topics.

*XPloration: Second Chance Pets* will inspire and educate anyone interested in animal science, engineering, and where the two intersect.

*XPloration DIY Sci* will inspire and educate audiences of all ages by encouraging the discovery of scientific concepts through experiments viewers can do at home.

*Matter of Fact with Soledad O'Brein* is a syndicated show hosted by Soledad O'Brien that offers a fresh take on political news, and covers emerging national issues.
