WRCT Public Affairs

The Public Affairs Department at WRCT Pittsburgh is dedicated to broadcasting a variety of programming to serve the public interest. The department welcomes contributions of content and participation from the Carnegie Mellon and greater Pittsburgh community. It is the mission of the Public Affairs department to offer a radio voice to the people of Pittsburgh, and to provide the city with informative, community-generated programming. Our community issues programming can be divided into four categories: **Regular Shows, News and Information, Public Service,** and **Special Features.**

Regular Shows

Regular shows comprise weekly or bi-weekly broadcasts hosted by WRCT station members and their contributors, airing at a regular time and appearing on our published schedule. Our programs address a diverse array of issues. While the program schedule is under the oversight of the Public Affairs director and the executive board, each show's content is the sole responsibility of the show's hosts and contributors. Any Pittsburgh resident may become a station member and submit a proposal for a show.

News and Information

News and Information includes WRCT News and the WRCT Radio and Music calendars, as well as news material produced by organizations with which we have a formal affiliation. WRCT News is a five-minute broadcast weeknights at 6:00 PM, for which material is drawn from the Associated Press and local sources. The WRCT Radio and Music calendars are read three times daily and are meant to keep listeners apprised of cultural events happening in the city. We also regularly broadcast material produced by the Pacifica Radio Foundation, with which we are affiliated.

Public Service

Public Service broadcasts include Public Service Announcements (PSAs), broadcast twice hourly any time the station is on the air. Some of these announcements are read by our operators, others are recorded locally, and we also play recorded PSAs produced by national organizations.

Special Features

Special Features are broadcasts which enhance or pre-empt regularly scheduled programming. The most common special event broadcasts are our coverage of Carnegie Mellon's athletic events, but may also include interviews, lectures, or other one-time events. During the fall academic semester we broadcast all games played by Carnegie Mellon's NCAA Division III Men's Football team; in the spring we broadcast the games of the Men's and Women's Basketball teams.

Regular Public Affairs Programming

Our regular, weekly or biweekly shows are the mainstay of WRCT's Public Affairs programming. Programming in this category is produced locally by WRCT staff and their affiliates and contributors. The broadcast schedule is created three times a year during the week coinciding with the start of Carnegie Mellon's Spring, Summer, and Fall academic semesters. During that time, the Public Affairs director places shows on the weekly schedule, which lasts for the duration of the academic semester. Scheduling priority is given to existing shows, and then to shows hosted by Carnegie Mellon students.

Any Pittsburgh resident may host a public affairs show after first becoming a station member. All shows must complete a piloting process and be approved by the executive board before being added to the schedule.

Following is a summary of our programming, including each program's currently scheduled time slot. Recordings of all shows are available from WRCT's Information Services Management department upon request.

The Radio and Music Calendar

WRCT broadcasts a calendar of community events three times daily: 1 p.m., 7 p.m., and 11 p.m. Community organizations submit their own events for inclusion in the calendar, which is administered by a WRCT staff member. Each calendar announcement includes information on how organizations may submit announcements via U.S. Mail or the Internet. The calendar of events includes two segments which are read together: the "WRCT Radio Calendar," which includes community events; and the "WRCT Music Calendar," which lists live music performances at local venues.

Events that are announced as part of the WRCT Radio Calendar vary depending on the time of year, but include music and film festivals, art exhibits, and municipal events.

The WRCT Music Calendar is a compilation of live music events at local venues, some of which include Mr. Smalls Theater, Club Cafe, and Cattivo.

Public Service Announcements

Per the WRCT policies and procedures manual, WRCT broadcasts a minimum of 60 seconds of public-service announcements (PSAs) every hour, including one live PSA.

Producers and board operators select which PSAs they broadcast during the hours they are on the air. Because of this, it is difficult to determine how many times each PSA was broadcast without a detailed examination of all program logs, which are kept on file in the WRCT office.

However, assuming a full broadcast day of 24 hours, during the Second Quarter we broadcast an estimated [2184] hours of PSAs between April and June.

[April]: 1 min/hr (x) 24 hrs/day (x) [30] days = 720 mins.

[May]: 1 min/hr (x) 24 hrs/day (x) [31] days = 744 mins.

[June]: 1 min/hr (x) 24 hrs/day (x) [30] days = 720 mins.
