CAMPAIGN	TITLE	DESCRIPTION	LENGTH	# OF AIRINGS
Adoption From Foster Care	Suitcase	Thousands of teens in foster care are waiting for the love and support from a family, but unfortunately almost 20,000 young people leave foster care without a family every year. Inspired by real families' stories, this honest and heartfelt campaign reveals the remarkable value there is in adoption for both teens and parents. Since the campaign's launch 15 years ago, more than 30,000 children once listed on AdoptUSKids.org have been placed with permanent families.	:30	50
American Nurses Association	American Nurse Heroes	The American Nurses Association (ANA) is the premier organization representing the interests of the nation's 4 million registered nurses. ANA is at the forefront of improving the quality of health care for all. Founded in 1896, and with members in all 50 states and U.S. territories, ANA is the strongest voice for the profession.	:30	40
Autism Awareness	The Big Day	Though autism can be reliably diagnosed in children as young as 18 months, most aren't diagnosed until they're between four and five—and studies indicate that age is even higher for low-income and minority children. Research shows that early diagnosis and early intervention is crucial; it can translate to a lifetime of impact by supporting healthy development, improved communication, and overall positive outcomes later in life.	:15	40
Best Friends Animal Society	Save Them All	Goofy grins and soothing purrs ... ridiculous ears and reassuring paws. They motivate us to get moving and remind us when to slow down. They provide us with a much-needed laugh, companionship and unconditional love. They are our best friends. Share this special reminder of what's important in life and help Best Friends spread the word about adopting your next pet. Together, we can Save Them All®.	:15	20
Boys & Girls Clubs of America	Whatever It Takes	Boys & Girls Clubs of America is a youth-serving organization that provides millions of kids opportunities for a great future by offering safe places, caring mentors and life-enhancing programs focused on academics, health, and leadership. For more than 150 years, Boys & Girls Clubs have relentlessly provided young people with the guidance to be innovative, brave and confident.	:60	40
Child Car Safety	Kitty	Motor vehicle crashes are a leading cause of death for children age one to 13. Parents go to great lengths to ensure their children are safe and protected—but when it comes to car safety, many let their guard down. To ensure parents and caregivers are properly securing their children in the best car seat restraint for their age and size, they can visit NHTSA.gov/TheRightSeat or NHTSA.gov/Protegidos .	:30	65
Child Mind Institute	A Voice for Children	There are more than 17 million young people struggling with mental health disorders in the United States. That is 1 in 5 children, more than the number of children affected by cancer, diabetes, AIDS and asthma combined. The Child Mind Institute is an independent national nonprofit organization exclusively dedicated to transforming the lives of children and families struggling with mental health and learning disorders.	:15	20
COVID-19 Vaccine Education	Presidents	The It's Up to You campaign encourages audiences to get the latest vaccine information—knowing that personal education is the first step in building vaccine confidence. Dave Thomas Foundation for Adoption	Before I Was Adopted	The Dave Thomas Foundation for Adoption is driven by a single goal: finding a loving family for every child waiting in foster care to get adopted. We are America's only national nonprofit charity dedicated solely to finding permanent homes for the more than 110,000 children in foster care.	:15	15
Discovering Nature	Forest Trail	Studies show that when kids spend time outdoors, they become healthier, have lower stress levels and develop stronger immune systems. They also become more creative, and have greater respect for themselves, other people, and the environment. Our campaign encourages parents and caregivers to reconnect with their family and nature by experiencing it firsthand. Through exploration of local forests and parks, kids can build a lifelong connection to nature.	:60	65
Empowering Girls in STEM	Dare to STEM	While women make up half of the U.S. college-educated workforce, they hold only a little over a fourth of all STEM jobs. Research shows that young girls like STEM subjects—science, technology, engineering and math—but often feel that STEM isn't for them due to outdated stereotypes. Girls are scared to fail in STEM, but She Can STEM shows girls that STEM is in everything, and experimenting is part of the journey.	:15	55
Ending Hunger	Teacher	These are uncertain times for everyone, but for households facing hunger, the coronavirus fallout—including school closures and job disruptions—can present an even greater threat. Millions of Americans, including children, will turn to food banks for much needed support. As the largest hunger-relief organization in the United States, The Feeding America network of food banks feeds millions of families each year, especially during times of disasters and national emergencies.	:30	50

We celebrate the day when a family can say, "This is my house!"	:60	40
High School Equivalency	Jessica	For more than 34 million American adults without a high school diploma, opportunities are limited. Many are living in poverty. But it's not too late. Since 2010, FinishYourDiploma.org has connected more than one million people with free adult education classes to help them earn their high school equivalency, so they can connect to a better tomorrow.	:60	45

Using the message of hope, while showing the stark reality of the illness, the ads showcase authentic imagery that call for the support of those in need.
