

PROGRAM / ISSUES REPORT NOTIFICATION

Fourth Quarter 2014

I, Stuart Muck, as Chief Engineer of WIWN (TV) DTV Channel 68.1, Fond du Lac, Wisconsin, hereby certify that for the period of October 1, 2014 to December 31, 2014 that WIWN (TV) promoted the "good life" in Southeastern Wisconsin by featuring Cedarburg, WI and a number of things that make the community so unique. Included were a look into the historic architecture of the area. We also highlighted several prime neighborhoods for individuals looking for a new place to call home.

We also ran a flight of promotional messages urging respect of people with differences, and Americanism.

Confirmed on January 9 2015.

A handwritten signature in black ink, appearing to read "Stuart Muck", written over a horizontal line.
