

**QUARTERLY REPORT
Of
Community Needs and Issues Ascertainment
For the Quarter:**

October, November, December 2014

WHCU-AM

Ithaca, New York 14850

Instructions:

1. This document is to be maintained in the Local Public File of the station. A report of this type is to be placed in the file on the last day of each quarter.
2. The list of needs or problems shall be based on the station's ascertainment of those needs or problems consistent with the FCC Standards and company policy. The list may not exceed ten needs and/or problems but each must be described in detail sufficient to show all aspects of the need or problem listed.
3. The description of programs presented in response to the need or problem should be listed with the need or problem in which the program addresses it. The program title should be given first and followed by the need or problem addressed. All the programs carried during the preceding 3-month period need not be listed, but only typical and illustrative examples representative of the programs carried.
4. The date and time of the day that each program shown was broadcast by the station shall be listed.
