Established in 1989, the Emma L Bowen Foundation for Minority Interests in Media is a non-profit organization whose mission is to create career opportunities in the media industry for minority youth through a program that focuses on scholastic achievement, direct work experience and professional development. Students in the program work in media companies each summer and during school breaks, from high school through college. The students earn both salaries and matching scholarship funds to be used for college tuition and related expenses. Over a period of up to five years, the students experience numerous aspects of corporate operation and develop professional and practical skills that will help prepare them for their careers, many of which begin at the companies where the student interned. Fox Television Stations have been a corporate partner in this program since its inception and two of the Company's executives are on the Foundation's Board.
