3rd Quarter 2019

### Issue

Fires and natural disasters are to blame for several homes being damaged within our service area annually. An uptick of such disasters usually happens during the coldest months of the year.

### Program Solution

The stations host a house band weekly within our community room theater to raise money for our in-house charity, X Cares. The organization uses such funds to provide care to those who've lost items in house fires. Though some have full insurance coverage, several lack any form of insurance and such considerations are made when aiding those in need. The funds are also used to support those with illnesses as well. During the Third Quarter of 2019, \$1,350.00 was disbursed among several families in need of aid.
