In the 1970s, disco dominated American pop music. A major stylistic departure from rock, its rise to the top of the charts signaled a cultural shift that some found threatening. Disco's roots lay in the urban subculture, and the artists who created it were largely African American and Latino. In the gay dance clubs where it flourished, disco was much more than music -- it was an expression of pride. To others, disco was anathema. Chicago DJ Steve Dahl, who lost his job when his rock radio station changed to an all-disco format, gave voice to disco-haters by holding "death to disco" rallies. On July 12, 1979, the Chicago White Sox featured Dahl at a "Disco Demolition" event that turned violent; Chicago police in riot gear were summoned to restore the peace. The event became a flashpoint in the culture wars of the 1970s. "The War on Disco" explores the movement that gave rise to disco music, and the backlash that tried to destroy it.
