

# **PUBLIC INSPECTION FILE – VISITORS**

(This memo is to be provided to all members of the public requesting access to the station's Public Inspection File)

Welcome to Station WKFE- AM.

We understand that you are interested in reviewing our Public Inspection File. This is, of course, a right provided to you by the Rules of the Federal Communications Commission. In addition, we want to assure you that our station is pleased that you have come to visit us, and that we will cooperate in every way in affording you access to our Public Inspection File.

Our employees have been instructed to be helpful, courteous, and cooperative in affording you access to the Public Inspection File. If you find that any employee acts otherwise, we ask that you notify the Station Manager, Mr. Pedro De Jesús, at phone (787) 384-4286.

You will be escorted to the custodian of the Public Inspection File, Mr. Pedro De Jesús. This person will take you to the Public Inspection File and assist you in any way possible.

We are very proud of our station operations and make every effort to comply with not only the Public Inspection File Rule, but all other rules, policies and requirements of the Federal Communications Commission and other federal, state and local governmental authorities. We believe you will find everything in order. To assist you in your examination of our Public Inspection File, we have prepared a "Station WKFE-AM Public Inspection File Document List" a copy of which is attached to this notice, that describes the various documents that are part of our Public Inspection and Political Files.

However, if you have any complaints, questions, or concerns, please discuss the matter with Mr. Pedro De Jesús.
