During the last twelve months, the station employment unit engaged in the following menu option initiatives:

<b>Menu Option Initiative</b>	<b>Description</b>
Establishment of an intern program designed to assist members of the community to acquire skills needed for broadcast employment.	Binnie Media has set up an internship program at the radio stations in the unit. The internship program is designed to provide students with an opportunity to learn about broadcasting. Interns get hands on experience in marketing, promotions, engineering, sales, support, and live broadcasts. We hosted students from UMASS Lowell, Plymouth State University, Hobart and Williams College, and Gilford High School during the reporting period.
Hosted our own Job Fairs	Binnie Media hosted Job Fairs where potential candidates could learn about careers in broadcasting. Four events were held in September 2015 in West Lebanon, NH; Concord, NH; Laconia, NH; and Nashua, NH.
Participation in scholarship programs for broadcast careers.	Binnie Media participated in the 2015 New Hampshire Association of Broadcasters Student Scholarship program with both a financial contribution and by running commercials on all stations to inform students of the availability of the program.
Participation in Job Fairs by station personnel who have substantial responsibility in the making of hiring decisions.	Binnie Media participated in four Job/Career Fairs during the reporting period hosted by other organizations. Personnel with hiring responsibility attended these events at Southern New Hampshire University (two different events); Manchester Community College (Sponsored by the New Hampshire Association of Broadcasters); and Nashua Community College.
