**BURGUM:** We all know Joe Biden isn't getting the job done, and too often is making things worse.

**VO:** That's conservative business leader Doug Burgum, one of America's most successful governors.

Raised with small town values, Burgum built a billion-dollar company, creating thousands of jobs.

As governor of North Dakota, Doug Burgum cut taxes, balanced the budget and helped pass term limits.

**BURGUM:** Where we come from, when something isn't working, you stop and you try something new. That's common sense. Joe Biden has got to go.

**VO:** As president, Doug Burgum will unleash American energy and end Biden's inflation. He'll secure the border to stop the flow of illegal drugs, and Burgum will rebuild our military to win the cold war with China.

**BURGUM:** If you believe that the economy, energy and national security are critical to our nation's future, remember, that's why I'm running for president.
