The Social Security Commissioner, Andrew Saul, has important information for Supplemental Security Income recipients who do not file tax returns, but have dependent children. If you did not file taxes in 2018 or 2019 and have dependents, you must act by Tuesday, May 5<sup>th</sup>, 2020 to receive the additional \$500 payment per eligible dependent child.

All you need to do is go to [www.irs.gov](http://www.irs.gov) and visit the section that's titled, *Non-Filers: Enter Your Information* to provide the necessary information to receive the additional payment.

Commissioner Saul said, "by taking this proactive step to enter information on the IRS website about them and their qualifying children, they will also receive the \$500 per dependent child payment in addition to their \$1,200 individual payment. If people in this group do not provide their information to the IRS soon, their payment at this time will be \$1,200 only. They would then be required to file a tax year 2020 tax return to obtain the additional \$500 per eligible child."

The Illinois State Police released the following information following a fatal traffic crash on Illinois Route 4 near Finney Road in Macoupin County. A 1999 Ford Truck driven by 18 year old Colby Rheude from Virden, Illinois was traveling south on Illinois Route 4 near Finney Road in Macoupin County. A 2018 International Truck-Tractor Semi-Trailer driven by 51 year old Walter F. Smith from Peoria, Illinois was traveling north at the same location. For unknown reasons Rheude crossed the center line and struck Smith head-on. The truck driven by Rheude rolled over and caught fire in the west ditch. The truck driven by Smith came to rest in the east ditch. Colby Rheude was pronounced deceased on scene by the Macoupin County Coroner's Office. Walter F. Smith was transported by ambulance to an area hospital with life threatening injuries. The roadway was closed for approximately 3 hours during the crash investigation. The crash remains under investigation and no further information is being released at this time.

The Taylorville Police Department announced the arrest of two Taylorville residents after a thirteen year old and a fifteen year old overdosed on a drug called the “HULK.” On May 27<sup>th</sup> after receiving a search warrant, 18 year old Louis Sullivan III and 20 year old Carissa Hodge were both charged with possession of a controlled substance and possession of a controlled substance with intent to deliver.

Taylorville Police Chief Dwayne Wheeler says in the press release that the drug was a benodiazepine (Xanax) allegedly mixed with possible fentanyl. After speaking to several individuals that were friends with the two that overdosed, along with interviews and the help of Taylorville Citizens, the police were able to find the source.

Chief Wheeler says that the two that were arrested showed no remorse for their actions that could have taken a life. He urges citizens to work hand in hand with the Police to eliminate the drug issue. He also asks parents to look and notice any changes in your kids.

The Taylorville Park Board met on Monday evening to discuss summer plans and to vote on the pool, daycamps, and dining hall opening. The Park Board received an update from Michael Mizeur concerning the North Pond Excavation Project. Mizeur was hoping to get things started on it as soon as it started to dry up, but there has been too much rainfall. The project will take 3-4 weeks to complete.

The Park Board also talked about opening up the pool and just how difficult it would be to open. Bailey Hancock, Recreation Director, said given the CDC Guidelines and the amount of money the pool would be losing, it wouldn't be worth it. One of the big concerns for the pool is the amount of training lifeguards would need but would struggle due to social distance.

HANCOCK1

KEY: Q

LENGT: 41

Hancock said it would be even worse with new lifeguards who haven't had the training last season. The park board decided to close all pools for the season, all day camps would be suspended and the dining hall would be closed until next season. The vote was unanimous. Hancock said it breaks her heart to have to shut it down.

HANCOCK2

KEY: W

LENGT: 53

Bailey Hancock also had a message for the kids saying that there was no point in having the day camp if it wasn't going to be fun.

HANCOCK3

KEY: E

LENGT: 53

The Park Board did decide to reopen all parks in Taylorville, however, playgrounds and bathrooms would remain closed and there would be other restrictions as well.

The Illinois Department of Natural Resources (IDNR) received grant funds through the U.S. Department of Agriculture (USDA) Natural Resources Conservation Service's Voluntary Public Access and Habitat Incentive Program (VPA-HIP). IDNR received more than \$2 million for the Illinois Recreational Access Program (IRAP) that was designed to encourage owners of private land to allow access to the public for wildlife-dependent recreation like hunting and fishing.

IDNR Director Colleen Callahan said, "We are very excited to receive these grant funds to continue and expand the IRAP program. IRAP is a wonderful program that increased public access in Illinois for hunters, anglers and other outdoor recreationalists while at the same time assisting private land owners with habitat improvements on their land."

The Illinois Recreational Access Program currently leases about 22,000 acres in 49 counties for hunting and fishing. More information on the IRAP program can be found by following the link on this story at [taylorvilledailynews.com](http://taylorvilledailynews.com).

A former Pana High School Student will serve as Lake Land Student Trustee for 2020-2021. Lucas Duduit will serve as a liaison between the students and the Board of Trustees. Duduit was elected for the position after a vote from the student body. He says voting was down, but he won pretty easily noting that the pandemic really kept voting numbers low but a helpful flyer helped him get his win.

Duduit says that he is looking forward to helping Lake Land Students to make it better than when he arrived. He is interested in politics and is hopeful that he can get into state or local government after he gets his degree in engineering science.

One of the things that he wants to do as a Trustee is help push through some new ideas. One of those ideas is to be able to have counseling on campus that can help deal with stress from school or at home. Another idea is to put a list of hotlines or phone numbers on the back of ID's to make them easily accessible to students since they do carry around the ID all the time.

Duduit says he's honored to be serving during times of uncertainty and is looking forward to what he can do to change Lake Land for the better moving forward.

Lucas Duduit is majoring in engineering science and plans to transfer to the University of Illinois to study electrical engineering.
