

FCC QUARTERLY ISSUES/PROGRAMS LIST

3RD QUARTER 2022

For programming aired July 1, 2022 - September 30, 2022

This quarterly issues/programs list is a list of non-entertainment programming which, in the opinion of the management of the station, represents the most significant treatment by the station of certain issues believed to be of community concern.

The list is not intended to be a comprehensive list of all of the station's non-entertainment programming. Nor is it designed to list every program broadcast by the station that is responsive to the selected issues. Included are only those programs in which the station devoted significant time or depth to these various issues. All of the below were produced by WORT staff and volunteers.

Issues of significance:

- Environment
- Economy & labor
- Health
- Politics
- Social issues

<p>Harvesting weeds on Lake Monona.</p> <p>Every month, Dane County invests thousands of hours into the removal of weeds from its waters. Eleven specially-made boats work all summer to clear the shallows of local lakes and the Yahara River. On this week's feature Parks and Landmarks, we take a closer look at the operation, and try our hand at running one of those boats.</p>	<p>6pm local news, evening local news show.</p> <p>News feature.</p>	<p>July 13, 2022 @ 6:35 pm.</p>	<p>9 minutes, 10 seconds.</p>
<p>What does the Supreme Court's EPA ruling mean for climate change?</p> <p>In its recent decision West Virginia v. EPA, the Supreme Court limited the power of the Environmental Protection Agency to regulate carbon dioxide emissions related to climate change. He's joined by ProPublica reporter Lisa</p>	<p>A Public Affair, lunchtime call-in talk show.</p> <p>Interview.</p>	<p>July 15, 2022 @ 12:06..</p>	<p>53 minutes, 16 seconds.</p>

<p>New lawsuit seeks damages for PFAS contamination.</p> <p>At a press conference yesterday Governor Tony Evers announced that he and Attorney General Josh Kaul are suing manufacturers and other polluters over their contribution to PFAS contamination in the state.</p> <p>The suit names 18 defendants, including 3M, Tyco, DuPont, Chemguard, and others. Also included are 20 unnamed defendants charged with having “permitted, caused, and/or contributed to the PFAS contamination” of Wisconsin’s natural resources.</p>	<p>6pm local news, evening local news show.</p> <p>News story.</p>	<p>July 21, 2022 @ 6:15pm.</p>	<p>2 minutes, 49 seconds.</p>
<p>At the edge of a glacier: a walk down the Ice Age Trail</p> <p>The Ice Age Trail is one of eleven national scenic trails in the US, winding its way through Wisconsin for over 1,000 miles. The story of the trail is one of geological discovery, patience, good old fashioned elbow grease, and perseverance.</p> <p>In this special feature, we hear a condensed history of how the trail came to be — the people working to expand the trail and conserve the land that surrounds it, and some natural history along the way.</p>	<p>Perpetual Notion Machine, weekly evening science show.</p> <p>Science news feature.</p>	<p>July 29, 2022 @ 7pm.</p>	<p>26 minutes, 3 seconds.</p>
<p>Heat waves are on the rise. How do we survive them?</p> <p>In Wisconsin, heat kills more people than all other forms of extreme weather combined. The warming climate is making hot days and nights more intense and frequent, and poverty, social isolation, and urbanization exacerbate a population’s vulnerability to heat-related health consequences. How might we design our cities and homes to make them more livable in a hotter world?</p> <p>We’re joined by Rodrigo Pérez Ortega, whose recent study describes extreme heat and mortality in 326 Latin American cities, and Larry Kalkstein, developer of a heat-wave ranking system in Dane County and Milwaukee County to help mitigate the impacts of extreme heat.</p>	<p>A Public Affair, lunchtime call-in talk show.</p> <p>Interview.</p>	<p>August 1, 2022 @ 12:06pm</p>	<p>54 minutes, 4 seconds.</p>
<p>An audio tour of the Longenecker Horticultural Gardens</p> <p>There’s no time like a beautiful August day to head to the UW Arboretum. Join us for a guided walking tour of the Longenecker Horticultural Gardens, with curator David Stevens.</p> <p>Listen about the history of the Arboretum and the special flora and fauna that live in the Longenecker Botanical Gardens, including selected rare species like the American Chestnut, a maple tree shaped like a pencil and the mobile sculptures that move in the wind like maple seed pods (or samaras) of the state trees of Wisconsin.</p>	<p>Perpetual Notion Machine, weekly evening science show.</p> <p>Science news feature.</p>	<p>August 12, 2022 @ 7pm.</p>	<p>28 minutes.</p>

<p>The state of the lakes.</p> <p>If you live in south-central Wisconsin, chances are you have spent time at one of the lakes along the Yahara chain of lakes, which includes Lakes Mendota, Monona, Wingra, Waubesa, and Kegonsa.</p> <p>You may also have an experience of wanting to fish, swim, or boat on one of the lakes but finding that the beach was closed due to E.coli, harmful algal blooms, or other pollution levels. These are ongoing threats to the lakes we love so much.</p> <p>We explore the health and future of the Yahara chain of lakes with Jennifer Lavender Braun, lead microbiologist at Public Health Madison & Dane County, and Paul Dearlove, deputy director at Clean Lakes Alliance.</p>	<p>A Public Affair, lunchtime call-in talk show.</p> <p>Interview.</p>	<p>August 15, 2022 @ 12:06pm.</p>	<p>53 minutes, 21 seconds.</p>
<p>Town of Middleton leader raises concerns of lead pollution from airport</p> <p>When we think of lead exposure, we probably think about the 170,000 lead pipes across the state of Wisconsin. But airborne lead pollution can be just as dangerous.</p> <p>While leaded gasoline has been banned for use in vehicles since the 1980s, it is still used in small engine airplanes, such as those flown out of the Morey Airport in Middleton.</p> <p>And the chair of the Town of Middleton Board has been sounding the alarm on airborne lead pollution stemming from the use of lead fuel at the airport.</p>	<p>6pm local news, evening local news show.</p> <p>News story.</p>	<p>August 31, 2022 @ 6:10pm.</p>	<p>6 minutes, 50 seconds.</p>
