filed Friday, October 9, 2015

1. KFNN provides informative interview segments during its weekday morning show, **Business for Breakfast**, Monday through Friday, 6am – 8am. The KFNN News Department produces the interviews.
2. KFNN took part in helping **charitable organizations** directly, by contributing funds, hosting/sponsoring the event, and/or running public service announcements in conjunction with any of the above groups. The groups included;
 - a. **Arizona Broadcasters Association** – KFNN joined the ABA Campaign to educate individuals on the National Guard and the Coast Guard, and how they can get information to participate. These are ongoing campaigns.
 - b. **The Advertising Council** – KFNN has joined the Ad Council to bring awareness to various community issues including Caregiver Assistance, Community Engagement, Financial Literacy, Job Training & Employment, Teacher Recruitment, Learning Disability Assistance, Hunger Prevention, High School Equivalency, Children's Oral Health by running PSA's. These are ongoing campaigns.
 - c. **Susan G Koman** – KFNN has joined the Susan G. Koman campaign by running PSA's to bring awareness to breast cancer. This is an ongoing campaign
 - d. **National Foundation for Credit Counseling** – KFNN has joined with the NFCC to help provide information about the organization to listeners. The campaign provides useful information to listeners about who they can contact if they need assistance with a stressful financial situation. KFNN is providing support by running PSAs.
 - e. **Department of Veterans Affairs** – KFNN has joined with the VA to provide information to listeners about the VA's Fully Developed Claims (FDC) Program, which allows Veterans to receive faster decisions from VA on disability compensation claims by running PSAs with information how to use the program.
 - f. **CurePSP** – Foundation for PSP – KFNN joined CurePSP to bring awareness of PSP and related brain diseases by running PSAs that provide directions on where to find more information about the disease and how they can help. This is an ongoing campaign.
 - g. **Environmental Protection Agency** – KFNN joined the EPA in providing information on how to help prevent asthma attacks by airing PSAs. This is an ongoing campaign.
 - h. **The National Council on Aging** – KFNN joined the NCOA to provide information on flu vaccinations and reminding individuals at risk to get their flu shots by airing PSAs. This is an ongoing campaign.
 - i. **National Federation of the Blind** – KFNN joined the NFB to promote their vehicle donation program by running PSAs. This is an ongoing campaign.
 - j. **Zero The End of Prostate Cancer, Postate Health Educations Network, and Men's Health Network** – KFNN joined with these organizations to support National Prostate Cancer Awareness Month by running PSAs through the month of September.
 - k. **Consumer Electronics Association** – KFNN joined the CES to provide information on the importance and ease of recycling old and used electronics by running PSAs. This is an ongoing campaign.
 - l. **American Diabetes Association** – KFNN joined the ADA to promote America's Diabetes Challenge: Get to Your Goals by running PSAs. This is an ongoing campaign.
 - m. **Hearing Loss Association of America** – KFNN joined the HLAA to provide information about preserving your hearing by running PSAs. This is an ongoing campaign.
3. KFNN continued broadcasting **Arizona Business News** reports once per hour from 6am – 6pm. Our news reports focus on business and consumer news vital to Arizona residents.

4. KFNN continued broadcasting **Arizona State News** reports once every two hours from 5am–5pm. These news reports focus on headlines and events that are happening around the state.
5. KFNN has carried a weekend 30-minute program titled '**Infotrak**', a nationally distributed information magazine that directly addresses topics ranging from environmental awareness to child advocacy and hunger issues with experts from respective charitable organizations. Typically, approximately three segments are featured at about 7 minutes each during the half hour period, which generally air at 5 am on Sunday. Other clearance times include 7 a.m. Saturdays and Sundays.
6. KFNN has carried a weekend 30-minute program titled '**This Week in America with Ric Bratton**', a nationally distributed weekly program that addresses issues that affect all Americans. Topics include consumer information about vehicles and holiday scams, real estate investing and benefits of organized youth activities. The show covers two topics per half hour, both running approximately 15 minutes. The show generally airs at 5:30 am on Sunday.

General Description of the Program: Brynn Johnson, Vice President of Charities with the The Valley of the Sun 20/30 Club.

The Valley of the Sun Active 20-30 Club is made up of approximately 70 professional business women, ages 20-39, who are committed to fundraising and participating in organized hands-on activities with local children's charities.

VIVA: A Valley Kids Foundation Benefit is our annual fundraising event on Saturday, April 2nd from 7pm – 11pm at the Scottsdale Waterfront Southbridge.

The 22nd annual VIVA is a semi-formal event featuring casino-style gaming, live entertainment and music, silent auction and raffle, restaurant tastings, craft cocktails, beers and more.

All proceeds from VIVA go directly to Valley Kids Foundation, a non-profit organization created and managed by club. We provide funding and participate in hands-on events and activities with local children's charities, including: Phoenix Children's Hospital, Child Crisis Arizona and Florence Crittenton.

AD COUNCIL CAMPAIGN DESCRIPTIONS

Adoption from Foster Care

Through no fault of their own, there are nearly 102,000 children in the foster care system in the United States waiting to be adopted. This campaign aims to significantly increase awareness around the urgent need for parents to provide loving, permanent homes for these children. Using the tagline, "You don't have to be perfect to be a perfect parent," this campaign reassures prospective parents that even if they are not perfect, they have the ability to provide the stability and security that children in foster care need and deserve. The PSAs direct audiences to visit **AdoptUSKids.org**, for both English and Spanish information, or to call 1-888-200-4005 (English) or 1-877-236-7831 (Spanish), to receive current, accurate information about the foster care system and the adoption process.

Autism Awareness

Autism is the fastest-growing serious developmental disorder in the United States. Today, 1 in 68 children is diagnosed with an autism spectrum disorder, a nearly 30% increase in just two years. While there is currently no cure for autism, early detection and intervention can result in critical improvements for many young children. This campaign aims to raise awareness and increase parental knowledge of the signs of autism, and to empower parents to take action if their child is not meeting certain developmental milestones. This latest effort places emphasis on the importance of early diagnosis since the current age of diagnosis among low income families, particularly African Americans and Hispanics, is higher than the general public.

Bullying Prevention

This year, over 13 million kids will be bullied at school, online, on the bus, at home, through their cell phones and on the streets of their towns, making it the most common form of violence young people face in this country. Research shows that when parents talk to their kids about bullying, their children are more likely to take action to stop bullying. The objective of this campaign is to raise awareness about the seriousness of bullying, and encourage parents to talk to their children about the safe steps they can take to be more than a bystander in a bullying situation, like tell a trusted adult or help the person being bullied get away from the situation. When bystanders intervene, bullying stops within 10 seconds, 57% of the time.

Buzzed Driving Prevention

In 2012, there were 10,322 deaths in crashes involving drunk drivers with a blood alcohol concentration (BAC) of .08 or greater. That is one person every 51 minutes. That makes impaired driving everyone's problem. Many people, however, believe that their driving is not impaired if they only consume a few drinks, and when decision time comes, these drivers consider themselves merely "buzzed" and get behind the wheel. The Buzzed Driving Prevention campaign works to encourage dialogue and recognition of the dangers of buzzed driving by highlighting the consequences that can occur as a result of buzzed driving. Listeners are reminded that consuming even a few drinks can impair driving and that *Buzzed Driving is Drunk Driving*.

Caregiver Assistance

In 2009, 42.1 million caregivers in the United States provided an estimated \$450 billion worth of unpaid care to aging relatives and friends. Almost three in ten people who are caring for someone say their life has changed with caregiving, oftentimes for the negative. More than one in five say their weight, their exercise, or their social life has/have suffered. Emotionally, one in five say they are generally unhappier and one in three say they feel sad or depressed. These PSAs depict the many roles caregivers play and conclude with the tagline, "*Together we can better care for ourselves and the ones we love.*" The PSAs drive to **aarp.org/caregiving**, where caregivers can find practical tools and connect with experts and other caregivers for advice and support.

Stroke Awareness

Stroke is the No. 4 cause of death and No. 1 cause of long term disability in the United States; however, immediate medical treatment at the onset of symptoms can make a remarkable difference in the recovery from a stroke. The goal of this campaign is to increase immediate stroke recognition and response among potential victims and bystanders by equipping them with an easy-to remember tool for learning and recognizing the signs of a stroke. Using the acronym F.A.S.T. (F = Face drooping, A = Arm weakness, S = Speech difficulty, T = Time to call 911), the PSAs educate audiences on the importance of recognizing and calling 911 at the first signs of a stroke.

Supporting Minority Education

Featuring real students, and an evolution of their iconic tagline to "A Mind is A Terrible Thing to Waste, But a Wonderful Thing to Invest In", the new Better Futures campaign encourages potential donors and community-minded individuals, including college-educated African Americans, to support UNCF's mission by donating money to UNCF. By investing in UNCF and Better Futures, donors are helping students who lack the resources get the education they deserve. Supporting UNCF's Better Futures is a new kind of investment with a better kind of return.

Teacher Recruitment

8025
C64
1-6
With half of teachers eligible to retire over the next decade, there is an urgent need and unprecedented opportunity to drive the transformation of K-12 education by recruiting our nation's brightest students to the profession. In order to recruit the next generation of teachers by redefining teaching as a top career choice for our nation's most talented students, the Make More campaign features innovative lessons inspired by real teachers who are reinventing the teaching profession for the 21st century. The PSAs demonstrate that teachers make more than a paycheck; they make a lasting impact on generations of students. The campaign directs audiences to **TEACH.org**, where students can learn more about pursuing a career in teaching, apply for financial aid and scholarships, and search for jobs in their community.

Texting & Driving Prevention

Seventy-eight percent of teens and young adults say they have read a SMS message while driving. Young adults live in a hyper connected world where multitasking is the norm. This manifests in the car where they recognize texting and driving is dangerous, but do it anyway. The PSAs communicate to teens and young adults that when you text and drive, you are not multitasking but essentially driving blind. By taking your eyes off the road, even for a few seconds, you are making the road less safe for you, your passengers, and other drivers. Is there any text message worth your life, or the life of others around you? Stop the texts. Stop the wrecks.

Wildfire Preparedness

Nearly 70,000 communities are near or within a fire prone ecosystem. For many of these communities, wildfire is not a matter of if, but when. A Fire Adapted Community is one where members understand and accept their wildfire risk and have taken steps to improve the safety and resilience of their homes, landscapes, and community. This campaign encourages residents to prepare their homes and communities in advance for the inevitable event of wildfire, and emphasizes collaboration, community protection and personal responsibility, because every community member must play a role. A community's actions toward preparing for wildfire in advance can make a crucial difference when one occurs. The PSAs drive listeners to **FireAdapted.org**, where they can get Fire Adapted by learning tips, tools and resources to prepare their communities for wildfire.

Wildfire Prevention

As the symbol of protection of America's forests from human-caused fire, Smokey Bear is recognized by 96% of adults, and 70% are able to recall Smokey's message of "Only You Can Prevent Wildfires" without prompting. Though Smokey Bear has been essential to the reduction of wildfires in the last seven decades, this issue is as critical as ever, as nine out of ten wildfires are caused by humans. The principal causes of these wildfires are unattended campfires, trash burning on windy days, improperly discarded BBQ coals, and equipment operated without spark arrestors. This campaign is designed to increase public awareness and prevention of wildfires by asking people to take personal responsibility for practicing good fire safety habits and speaking up if they see someone in danger of causing a wildfire.

Campaign Sponsor:

Feeding America

Volunteer Advertising Agency:

Cutwater San Francisco

BACKGROUND:

Hunger is a concern for millions of Americans, but many people don't realize its disproportionate effect on children: 1 in 5 kids in America, nearly 16 million children, struggles with hunger. At the same time, billions of pounds of surplus food go to waste each year in the U.S. – more than enough food to feed those who are food insecure.

Feeding America is the nation's leading domestic hunger-relief charity. It consists of an expansive nationwide network of local food banks who help connect surplus food to those who need it most.

CAMPAIGN OBJECTIVE:

Raise awareness of child hunger in the U.S. and encourage audiences to support the Feeding America nationwide network of food banks' efforts to solve hunger.

CAMPAIGN APPROACH:

The Hunger Prevention PSAs highlight the network of good people across America who gather surplus food for local food banks and get it to children and families in need. In doing so, these PSAs show how audience's everyday actions play a vital role in filling the fridges of those who need it most.

When the PSAs were placed into testing, consumers seemed empowered and inspired to take action: Over 75% of the target felt they could make a difference with regard to child hunger after viewing the PSAs. Over two-thirds of the target were specifically inspired to donate to their local food bank.

TARGET AUDIENCE:

All Adults

**ATTENTION PUBLIC SERVICE DIRECTOR:
PLEASE HELP US PROVIDE INFORMATION, HOPE AND SUPPORT TO THOSE AFFECTED BY
BREAST CANCER BY AIRING THIS NEW PSA CAMPAIGN**

Dear Public Service Director,

Every 74 seconds, somewhere in the world, someone dies from breast cancer. Breast cancer is a random and deadly disease that knows no boundaries when it comes to age, race, religion or socioeconomic status. Breast cancer affects everyone, not just the person who is diagnosed. Co-survivors, including family, friends and co-workers can feel the effects too.

Since 1982, Susan G. Komen® has played a critical role in every major advance in the fight against breast cancer – transforming how the world talks about and treats this disease, and helping to turn millions of breast cancer patients into breast cancer survivors. Susan G. Komen® is a force united by a promise to end breast cancer. Komen is fueling the best science and making the biggest impact in the progress against breast cancer as a result of ground-breaking research, community health outreach, advocacy and programs in more than 30 countries.

As we continue our life-saving work, we ask for your station's support by airing our new :30 PSA titled I Am Susan G. Komen. The PSA features breast cancer survivor, Alanteia Peña. Alanteia was diagnosed with breast cancer just after learning that both of her daughters were pregnant. And everything she'd been looking forward to became everything she was going to miss. But a non-profit center – locally funded in part by a grant from Susan G. Komen – covered Alanteia's mammograms, mastectomy and reconstructive surgeries. So today, she's spending lots of time babysitting. Alanteia's inspiring story is a reminder that the mission to end breast cancer must continue so that all of the brave women and men affected by this disease can enjoy the promise of a better future.

This new PSA has **no end date for use**. We hope you will help us share these important messages with your audience by airing the PSA as soon and as often as possible.

For any questions or additional information, please contact our distribution representative Shaliza Thomas at Connect360 MultiMedia (e-mail: stthomas@c360m.com; ph: 212-624-9187).

Thank you in advance for your support and consideration.

Sincerely,

Rhasheda Boyd

NATIONAL FOUNDATION FOR
CREDIT COUNSELING

*Knowing the difference can
make all the difference.*

8034-1
8034-2

Dear Public Service Director:

As many people continue to be impacted by the aftermath of the recent economic crisis, they are still dealing with feelings of stress and uneasiness about their finances. Key questions such as, "Who can I turn to for help?" and "Who can I trust?" remain prevalent, especially when it comes to debt and/or the possibility of losing one's home. However, just as we seek out trustworthy specialists to help us with our health or other personal matters, it is important for everyone to know that there are knowledgeable and dependable resources available to provide sound financial information and support to those in need.

The NFCC® (National Foundation for Credit Counseling®) asks for your help in communicating timely and educational financial guidelines by airing our latest public service campaign. A 501(c)(3) nonprofit founded in 1951, the NFCC has been providing quality financial counseling and education for more than 60 years. Our national network of community-based member agencies has helped millions of consumers with their financial concerns.

As airtime permits, we ask that you please use these PSAs as soon and as often as possible. **These have no end date for use.** The PSAs titled "**In Need of Support**" (:60, :30, :20) explain what can happen when people fall prey to debt resolution scams. The PSAs encourage listeners to contact the NFCC to learn more and obtain trustworthy help. The PSA titled "**Friends In Trouble**" (:60, :30, :20) demonstrate that individuals and families are not alone when it comes to the threat of foreclosure, and that support is available. **These PSAs are particularly timely for June (National Homeownership Month) but can be aired throughout the year.** The PSAs titled "**Overcoming Debt**" (:60, :30, :20) illustrate how people of all ages can be affected by different monetary problems, and that no one needs to fight their financial battles alone.

For any questions or additional information about the NFCC please contact Drew Kessler, Vice President, Marketing & Communications at 202-677-4347. For any questions regarding the PSAs, please contact our distribution representative, Shaliza Thomas of Connect360 Multimedia, at stthomas@c360m.com or 212-624-9187.

Thank you in advance for sharing these important public service messages.

Sincerely yours,

Dear PSA Director:

For more than a decade, brave women and men have fought to protect our nation and those around the globe struggling for freedom, democracy and security. They have fought courageously and even sacrificed life, limb, and physical and mental health through their service. Now more than ever, we must all do our part to serve those who have sacrificed and served.

You can help Service members and Veterans get the benefits and support they have earned and need from the Department of Veterans Affairs (VA) by promoting VA's Fully Developed Claims (FDC) Program. The FDC Program allows Veterans to receive faster decisions from VA on disability compensation claims when they file an electronic Fully Developed Claim, or eClaim, on eBenefits.

The FDC Program is a key component and driving force to reduce the current claims backlog and get Veterans faster access to service and support. When Veterans file an eClaim on eBenefits they not only are getting a faster decision than the standard VA claims process, but they are also using the most efficient, effective and secure access point for all of their military and Veterans benefits information.

To help Veterans get on the claims fast track, VA enlisted **NASCAR driver Kurt Busch and Army Veteran J.R. Martinez** to voice four Public Service Announcements to inform Servicemembers, Veterans, and their families about the *Fully Developed Claims Program and eClaims*. Kurt Busch reminds listeners that faster is better, and filing an eClaim on eBenefits is the faster way to get a VA claims decision. J.R. Martinez encourages listeners to file their eClaim today and get the benefits they deserve. The messages are upbeat and provide a clear call to action to file an eClaim today.

Tracks included on the enclosed PSA CD are:

J.R. Martinez - eClaims: Online VA claims made simple.

- "Get Back to Your Life" (:30 sec)
- "Faster and Easier" (:30 sec)

Kurt Busch - eClaims: Online VA claims made simple.

- "Do you know?" (:30 sec)
- "Fast Lane" (:30 sec)

We hope you'll consider adding these PSAs into your on-air rotation. The more Veterans that know about and use eClaims, the faster they can get the service and support they deserve.

We'd also appreciate knowing if you were able to use the PSAs on the air, so please complete the form on the reverse side of this letter and fax it back to (301) 942-1361. Or, you can e-mail a quick summary of your usage to info@lyonspr.com.

Many thanks for your attention and your airtime!

Hi Ashley,

Thank you for doing a story on PSP and helping to bring much needed awareness to a terrible disease.

Our current PSA is called *Because Hope Matters*:<https://www.youtube.com/watch?v=qEBxqOFojUU>

Unfortunately, the piece is 84 seconds long – hopefully you can still use it!

Best regards,

Bruce

"Breathe Easy" :30

Hey, parents of children with asthma! Preventing asthma attacks can be as simple as making your home and car smoke-free zones, cleaning up the mold, and vacuuming the floor to keep your house free of dust, dander and dust mites. Take it from the world's most famous asthma rock band, the Breathe Easies, with their hit songs about simple steps you can take to prevent your kids' asthma attacks. Their songs may be fun - but, childhood asthma is not! Visit www.noattacks.org for more information about preventing asthma attacks and awesome Breathe Easy tunes. Brought to you by the EPA, the Ad Council and this station.

Dear Public Service Director:

The 2014-2015 flu season recorded the highest hospitalization rates among people 65 years of age and older in recent history, yet a new survey of more than 1,000 U.S. adults 65 years of age and older conducted by the National Council on Aging (NCOA) found that many seniors underestimate the seriousness of the flu and are largely unaware of their vaccine options.

Flu season is approaching again, and we should all be thinking about the best way to prevent the flu – an annual flu shot. Since the immune system weakens with age, the flu can be severe, even life-threatening, for older adults. It is especially dangerous for people with chronic health conditions, like heart disease and diabetes.

The new public service announcements (available in :60, :30 & :15 lengths) feature two-time Emmy and Tony award-winning actress Judith Light—starring in the new Broadway play *Therese Raquin*.

As the *Flu + You* ambassador for the second year in a row, Light educates the public about the increased risk of flu and flu-related complications in adults 65 years of age and older, and the importance of getting an annual flu vaccine.

Dear Public Service Director:

The 2014-2015 flu season recorded the highest hospitalization rates among people 65 years of age and older in recent history,¹ yet a new survey of more than 1,000 U.S. adults 65 years of age and older conducted by the National Council on Aging (NCOA) found that many seniors underestimate the seriousness of the flu and are largely unaware of their vaccine options.²

Flu season is approaching again, and we should all be thinking about the best way to prevent the flu – an annual flu shot.^{3,4} Since the immune system weakens with age, the flu can be severe, even life-threatening, for older adults. It is especially dangerous for people with chronic health conditions, like heart disease and diabetes.^{5,6,7}

The ***Flu + You*** campaign is a collaboration between NCOA and Sanofi Pasteur to educate seniors about the seriousness of the flu, the importance of prevention and available vaccine options.

The new public service announcements (PSA) feature two-time Emmy and Tony award-winning actress Judith Light—starring in the new Broadway play *Therese Raquin*. As the *Flu + You* ambassador for the second year in a row, Light educates the public about the increased risk of flu and flu-related complications in adults 65 years of age and older, and the importance of getting an annual flu vaccine.

Good Morning Renee,

The National Federation of the Blind has created a PSA for your consideration. The file can found, previewed, and downloaded at our multimedia site

http://www.DigitalNewsRelease.com/?q=NFB_RadioPSAs

This from the NFB:

National Federation of the Blind Announces Vehicle Donation Program

Baltimore, Maryland (August 2015): The National Federation of the Blind (NFB), the oldest and largest nationwide organization of blind people, respectfully requests that public service directors and program directors for radio stations across the country consider airing announcements about our vehicle donation program. The NFB is a certified 501(c) (3) tax-exempt organization. The organization has affiliates in all fifty states and the District of Columbia, with approximately seven hundred local chapters, and can accept vehicle donations from donors in any of these locations. The NFB will have the vehicles picked up and will provide the donor with a receipt for tax purposes. The spots feature Raveena Ali, a bright and active seven-year-old blind girl who learned to read and write Braille through one of the NFB's programs. Donations to the National Federation of the Blind help to fund this and other efforts designed to help blind people live the lives they want. We thank you for your kind consideration.

###

About the National Federation of the Blind

The National Federation of the Blind (NFB) is the oldest, largest, and most influential nationwide membership organization of blind people in the United States. Founded in 1940, the NFB advocates for the civil rights and equality of blind Americans, and develops innovative education, technology, and training programs to provide the blind and those who are losing vision with the tools they need to become independent and successful.

Thank you for your consideration,

Rob Dalton

Baseball Legend, Helps Educate Men and Their Loved Ones About Making the Right
Treatment Decision**

In the United States, 1 in 6 men will be diagnosed with prostate cancer¹, making it essential for men and their loved ones to learn about testing and treatment options. Consider these statistics: while half of new cases are low-risk², the vast majority will receive immediate invasive treatment³ despite only a 3% chance of the disease progressing and becoming deadly⁴.

Your station can provide valuable information to the millions of men and families touched by prostate cancer by airing "Your Prostate Your Decision," a national public service announcement that educates listeners about making an informed decision about their treatment options so men with low-risk disease can avoid possible side-effects of potentially unnecessary treatment while those with more aggressive cancer can receive life-saving treatment.

This PSA (available in :60 and :30), features baseball legend Joe Torre, a former Major League Baseball player, manager, and now an executive who was recently inducted into the "Hall of Fame." As a prostate

New Radio PSA's focus on the importance and ease of recycling your old and used electronics

Radio Stations/Broadcasters,

Getting your hands on the latest tech is always exciting. But recycling your old electronics is important, too. You can reduce the environmental impact of your old devices so those materials can be used again and there's less need to mine more natural resources.

CEA has also produced the enclosed 60- and 30- and 15-second PSAs to educate consumers about the need to recycle, and just how easy it is to find an electronics recycler near you.

The Consumer Electronics Association (CEA)® has developed the website GreenerGadgets.org, where consumers can find the nearest

=====

Dear Public Service Director:

Nearly 30 million Americans are living with diabetes and most have type 2 diabetes. What's more, is about one-third of adults living with diabetes are not at their A1C goal (a measure of average blood glucose over the past 2 to 3 months).

We're committed to changing this statistic. That's why we have teamed up with music artist, Tim McGraw, and Merck to spread the word about *America's Diabetes Challenge: Get to Your Goals*, an educational program aimed to help people living with type 2 diabetes work with their doctor to reach their A1C goal. The program is also designed to encourage people with type 2 diabetes to learn if they are at risk of low blood glucose and how to help reduce that risk.

: 30 Public Service Announcement

Hearing loss is a growing health issue, with an estimated 1.1 billion young people worldwide at risk of developing the condition. Limit exposure to loud noises and use ear protection when attending sporting events or concerts. Limit earbud headphones to no more than 60 minutes at a time and at 60 percent of the volume. And talk to your primary care physician or other health professional to get a hearing test. Go to www.hearingloss.org. : 60 Public Service Announcement

Hearing loss is a growing health issue, with an estimated 1.1 billion young people worldwide at risk of developing the condition. Prevention is crucial to reducing this trend: Limit exposure to loud noises and use ear protection when attending sporting events or concerts. Curb the use of earbud headphones for music or movies to no more than 60 minutes at a time and at 60 percent of the device's maximum volume. And talk to your primary care physician or other health professional to get a hearing test, and obtain treatment if necessary. Common signs of hearing loss include turning up the volume on the TV or radio to levels that others find too loud, having trouble following conversations in noisy environments, or struggling to hear while on the telephone. Hearing loss can cause social isolation and make it more difficult for families to connect. The condition has been linked to lower earnings, depression, dementia and higher risk of falls. For more information about this condition, go to www.hearingloss.org. This has been a public service message from the Hearing Loss Association of America, hi HealthInnovations and this station.

QUARTERLY ISSUES REPORT, JANUARY-MARCH, 2016

Show # 2016-01

Date aired: _____ **Time Aired:** _____

John A. Eterno, Ph.D., Professor, Associate Dean and Director of Graduate Studies in Criminal Justice at Molloy College, former Captain with the New York City Police Department, co-author of *"The Crime Numbers Game: Management by Manipulation"*

Dr. Eterno conducted the first scientific examination of crime statistics manipulation in the New York City Police Department. He explained how increasing pressure to show decreasing crime rates by any means necessary has affected police departments throughout the United States. He discussed how this affects crime victims and explained what citizens can do, to ensure that their local police department is reporting crime statistics in an honest manner.

Issues covered:

Length: 8:47

Crime

Government Policies

Kristen Copeland, MD, Assistant Professor of Pediatrics at Cincinnati Children's Hospital Medical Center

75% of young children in the US are in some form of pre-school or daycare outside the home. Dr. Copeland conducted a study that found that most children in daycare get far too little exercise. She explained the reasons behind this trend and why parents should be concerned. She outlined the types of questions parents should ask when they are looking for a pre-school or daycare center.

Issues covered:

Length: 8:24

Children's Health

Parenting

Education

Phil Reed, Senior Consumer Advice Editor at Edmunds.com

Today's cars no longer need to have their oil changed every 3,000 miles. Mr. Reed talked about design improvements in recent years, and how drivers can decide when it really is time for an oil change. He talked about the positive effects of this rapidly advancing technology for both the environment and consumers' pocketbooks.

Show # 2016-02

Date aired: _____ Time Aired: _____

Jane Bryant Quinn, personal finance journalist, syndicated columnist, author of "*How To Make Your Money Last: The Indispensable Retirement Guide*"

Even with her decades of experience in the field, Ms. Quinn found planning her own retirement overwhelming, so she set out to find answers. She explained how to determine how much money may be needed for retirement, how to greatly simplify investment decisions, and why communication between a husband and wife is so important in retirement planning.

Issues covered:
Retirement Planning
Personal Finance

Length: 9:06

Kate Carr, President and CEO of Safe Kids Worldwide, a nonprofit organization working to prevent childhood injury

Last year, more than six million car seats were recalled for a safety defect, yet fewer than half of them were fixed. Ms. Carr outlined her organization's concerns and explained why so many recalled car seats were not repaired. She noted that 80 percent of parents believe car seat registration cards are important, but only 42 percent return the card.

Issues covered:
Children's Health
Parenting

Length: 8:14

Roger Beckett, Executive Director of the Ashbrook Center at Ashland University, Ashland, Ohio

For years, the teaching of history and civics has taken a back seat to STEM (science, technology, engineering, math) education. Testing has found that only 18 percent of 8th graders are deemed "proficient" or better in history; only 23 percent in civics or government. Mr. Beckett explained why he believes the founding documents of our country should be essential reading for every American, especially students.

Length: 5:04

Show # 2016-03

Date aired: _____ Time Aired: _____

Stephen Kohn, attorney, Executive Director of the National Whistleblower Center, author of "*The Whistleblower's Handbook: A Step-By-Step Guide To Doing What's Right And Protecting Yourself*"

Every year, criminals and fraudsters rip off the federal government by committing tax fraud—stealing billions of taxpayer dollars in the process. However, it's becoming much more difficult to do so, thanks to a massive increase in whistleblower disclosures. Mr. Kohn discussed recent changes in laws that have made it much easier to report wrongdoing. He also explained what steps to take to weigh the pluses and minuses of blowing the whistle.

Issues covered:
Whistleblowing
Crime
Government Regulations

Length: 8:53

Mary Norris, longtime copy editor at "The New Yorker," author of *"Between You & Me: Confessions of a Comma Queen"*

Ms. Norris discussed the most common mistakes in spelling, punctuation and word usage, and why it is so important. She explained how new technologies and changes in our nation's education system have made proper grammar less "cool."

Issues covered:

Length: 8:21

Education

Career

Kevin Fiscella, MD, MPH, Associate Professor of Family Medicine and Community & Preventive Medicine at the University of Rochester School of Medicine & Dentistry

Dr. Fiscella discussed his groundbreaking research that found that the lives of nearly 8,000 black Americans could be saved each year if doctors could figure out a way to bring their average blood pressure down to the average level of whites. He talked about the reasons behind the gap between the races in controlling blood pressure, and the possible ways to reduce that gap.

Show # 2016-04

Date aired: _____ **Time Aired:** _____

Maria Konnikova, journalist, psychologist, author of *"The Confidence Game: Why We Fall for It Every Time"*

Ms. Konnikova explained how the world's most talented con men can so easily use persuasion and exploit trust to swindle even the most cautious consumers. She said human beings are hardwired to believe, no matter how educated they are about scams and ripoffs. She talked about the most common methods used by crooks to lure their victims in.

Issues covered:

Length: 9:04

Crime

Consumer Matters

Elizabeth Levy Paluck, PhD, Associate Professor of Psychology and Public Affairs at the Woodrow Wilson School of Public and International Affairs at Princeton University

Curbing bullying has long been a focal point for parents and schools, but Dr. Levy Paluck found that the answer may not lie within rules set by adults. Her team of researchers from Princeton, Rutgers and Yale found that students themselves, particularly those most connected to their peers, were able to reduce and resolve conflicts 30% more effectively than traditional methods used by adults.

Issues covered:

Length: 7:51

Bullying

Youth at Risk

Alex Hutchinson, PhD, contributing editor at Popular Mechanics magazine, author of *"Big Ideas: 100 Modern Inventions That Transformed Our World"*

Mr. Hutchinson consulted 25 experts at 17 museums and universities to determine the 100 greatest inventions of the modern era. He talked about the long-term trends of scientific research and government's role in it.

Show # 2016-05

Date aired: _____ **Time Aired:** _____

Susan B. Roberts, Ph.D., Director of the Energy Metabolism Laboratory at the Jean Mayer USDA Human Nutrition Research Center on Aging at Tufts University in Boston

Most people think of fast food when they imagine the unhealthy effects of eating out. Dr. Roberts led a study that found that 92 percent of meals from both large-chain and non-chain local restaurants exceeded recommended calorie requirements for a single meal. She explained how to keep tabs on restaurant portion sizes and calorie information. She proposed local legislation to require restaurants to offer partial portions at partial prices.

Issues covered:

R. Douglas Fields, PhD, Chief of the Section on Nervous System Development and Plasticity at the National Institute of Child Health and Human Development, a part of the National Institutes of Health, Adjunct Professor in the Neuroscience and Cognitive Science Program at the University of Maryland, College Park, author of *"Why We Snap: Understanding the Rage Circuit in Your Brain"*

Today's headlines are filled with examples of otherwise rational people with no history of violence or mental illness who suddenly snap in a domestic dispute, an altercation with police, or road rage attack. Dr. Fields explained the reasons behind these seemingly random episodes. He said every human has been hardwired with the potential to snap. He also said the same pathway in the brain that can result in a violent outburst can also enable us to act heroically and altruistically before our conscious brain knows what we are doing.

Matt Schulz, Senior Industry Analyst at CreditCards.com

25 million credit cardholders haven't changed their go-to credit card in at least ten years. Mr. Schultz said that people are missing many rewards because card issuers are hotly competing for new customers and giving big sign-up bonuses. He outlined some of the methods savvy consumers use to get the most out of their credit cards. He also explained why many consumers are reluctant to switch cards.

Issues covered:
Personal Finance
Consumer Matters

Length: 8:27

Phil Reed, Senior Consumer Advice Editor at Edmunds.com

Today's cars no longer need to have their oil changed every 3,000 miles. Mr. Reed talked about design improvements in recent years, and how drivers can decide when it really is time for an oil change. He talked about the positive effects of this rapidly advancing technology for both the environment and consumers' pocketbooks.
