FIVE ISSUES FOR THE FCC - 1st Quarter

1/1/15 – 2/28/15 The Keystone XL Pipeline was a major public debate in our area through these 2 months. Keystone was attempting to acquire land for the pipeline but a number of owners resisted XL's offers. We interviewed Keystone officials such as Senior Manager of API's Refining and Oil Sands Programs Cindy Schild who stressed the fact that this is the safest pipeline that has been built while also covering interviews with local farmers who didn't want to give up their land. We ran a series of stories that presented both sides of the issue.

1/1/15 – 3/15/15 Influenza is a major concern in our area. The disease affects hundreds throughout the state. During the winter months we warned listeners about numerous ways to contract viruses along with ways to prevent receiving them. Rebecca Rayman with East Central District Health Department was also interviewed about the types of flues that can be contracted.

3/1/15 – 3/31/15 Severe Weather Awareness week is always a time to make sure the public is aware of the testing going on. We warned listeners that tornado sirens will be tested at a certain time from March 23-25. We also ran numerous stories on what to do and what not to do during a storm.

1/1/15 – 3/31/15 The Ebola outbreak in Africa had many people in the area concern. We covered stories on all of the victims that were transported to UNMC. We had interviews with doctors explaining what the symptoms of Ebola were. We also presented the public information on the low risk of contracting the disease.

3/6/15 – 3/13/15 The Columbus Standoff was a big event for the area. We put out a public service announcement for a wanted man the morning of the standoff and as the standoff took place we updated our newscasts with live updates from the scene and also recorded a video news segment that had and interview with Police Chief William Gumm for our website. In the following days we followed up on the story with stories on domestic abuse and such. We offered the public sources for public outreach should they need assistance with domestic violence.
