Fairfield Intermediate is looking for mentors for our Pairs Program

Mentors are adult role models that meet with students on campus during the school day.

Volunteers are a source of friendship and encouragement, especially around academic goals and personal development. Mentors meet twice a month for about 30 minutes and interact with games. The program kicks off on October 4th at 8:30-9:30 with a meet and greet with your mentee.

Your commitment is from October 4th to April 3, 2020 twice per month. No academic knowledge or financial commitment is required, just a love of children. We require that you meet only 12 times during the year with your student either during lunch or the school day.

Applications and background checks are available online or at the Intermediate campus and should be submitted by September 13th. If you have participated in the past you must complete a background check yearly. We feel that these relationships contribute to the quality of education at our school.

For more information contact Gina Martin at 903-879-1589 or Gina.Martin@FairfieldISD.org.
