

WCTI-TV Amendment to First Quarter 2019 Commercial Limits Certification

The station hereby amends its Commercial Limits Certification for First Quarter 2019 to clarify that the programs identified in the station's certification filed in 2019 as designed for children 12 years of age and younger and formatted to comply with the Commission's commercial time limitations for such programming were in fact designed for children between 13-16 years of age, as the station correctly reported in its Children's Television Programming Report for the quarter. The station also supplements its Commercial Limits Certification for First Quarter 2019 to note that the programs listed below, which were designed for children 12 years of age and younger, were aired during the quarter. As a standard practice, each program designed for children 12 years of age and younger is formatted to allow no more than 10.5 minutes of commercial matter per hour on weekends and 12 minutes of commercial matter per hour on weekdays and to comply with the FCC's limitations on the display of websites in children's programming. There were no occasions during this period on which these limitations were exceeded.
