Health	Public Service Announcement	12/1 - 12/24	13x	:60	PSA: Though Autism can be reliably diagnosed in children as young as 18 months, most aren't diagnosed until they're between four and five—and studies indicate that age is even higher for low-income and minority children. Research shows that early diagnosis and early intervention is crucial; it can translate to a lifetime of impact by supporting healthy development, improved communication, and overall positive outcomes later in life. Bilingual campaign creative assets aim to lower the age of diagnosis by showing parents and caregivers the positive outcomes that are possible following a diagnosis.

Resources	Contigo Los Angeles	10/17/21	4:58:02 AM	25 min	Community Affairs Show Contigo Los Angeles: Representative from the Community Coalition of South Los Angeles spoke about the organization and the resources it provides to the community. CoCo centers the voices and leadership of people of color as we collectively work to upend systemic racism. The formation of our organization 30 years ago during the height of the crack cocaine epidemic of the late 1980s and early 1990s is rooted in our deep commitment to racial justice. Founded intentionally as a Black/Brown organization, Community Coalition understands the power that lies in bringing people together and serving as part of a larger movement. We know firsthand that it is the people closest to the issues who know what is best for their communities.
