**Re: WUTR(DT), Utica, NY (Facility ID #57837)  
Notification of Reduced Power Operation**

Dear Ms. Dortch:

On behalf of Mission Broadcasting, Inc. ("Mission"), the licensee of digital television station WUTR, Utica, New York, this is to notify the Commission that on March 5, 2014, WUTR began operating at reduced power following the failure of a PA power module in the station's transmitter. WUTR is currently operating at 60% of its authorized power. Station personnel have undertaken steps to obtain repair of the defective power module and anticipate that the unit will be repaired in approximately three weeks. In the event that the station cannot resume full power operation by April 4, 2014, however, Mission will seek special temporary authority for WUTR to continue to operate at reduced power until the necessary repairs have been completed.

Should there be any questions concerning this matter, please contact the undersigned.

Very truly yours,

Gregory L. Masters
