

KBEK License Renewal Public Notice

Now that the station's license renewal application is on file, public notice must be given of that fact. The following are the newly effective requirements for such public notice, including both instructions for its broadcast and the text to be broadcast. Additionally, a certification of such broadcasts, which is required to be completed and placed in the online public file within seven days of the broadcast of the last on-air notice, is attached.

Instructions

The notice shall be broadcast on the station a total of six times over a period of four consecutive weeks, with no more than two notices broadcast in any one week and no more than one notice broadcast on the same day. All broadcasts must air during the business week, Monday through Friday, between the hours of 7:00 a.m. and 11:00 p.m. local time. The first notice must be aired during a period beginning with the date the FCC publishes public notice of the filing of the renewal application and ending five business days thereafter, and then continue for the next four weeks. Since the application was filed on December 1, 2020, the public notice is likely to appear between December 2 and 4, which would mean that the broadcasts would need to begin no later than December 9 - 11, but I will let you know for sure when the notice is released.

Once all of the required notices have been broadcasts, please complete the attached Certification of Broadcast, which certifies compliance with the public notice requirement, and list the dates and times at which the notices were broadcast. This certification must then be posted in the online public file within seven days of the broadcast of the last notice.

Text of Public Notice

On December 1, 2020, KBEK 95.5FM, Inc., licensee of KBEK, 95.5 MHz, Mora, Minnesota, filed an application with the Federal Communications Commission for renewal of license.
