

As you can see, the programming carried on KOTK is of a nature that is intended to help and inform people.

The majority of KOTK programming is supplied by the Salem Radio Network. KOTK airs weather forecasts from meteorologist Matt Duncan and carries newscasts from SRN news. The Emergency Alert System can break in to regular programming with important information from the National Weather Service including Amber Alerts. Clint Bellows takes calls from local listeners on his program, weekdays from 4pm to 6pm. Chip Maxwell has launched a new local program on Saturdays from 6am to 8am. Clint and Chip enjoyed interacting with listeners at our debate viewing party at Big Fred's Pizza on 9/26/16.

Thank you for taking the time to read this Quarterly Report. I hope it was the highlight of your day.
