Job Vacancy Information

WLS-TV is an equal opportunity employer that is committed to meeting and surpassing the Station's EEO information dissemination obligations. Notices of all full-time job vacancies were posted on the Station's website, on the website of The Walt Disney Company, its ultimate parent company, and on the Illinois Broadcasters Association website. Notices of all full-time job openings were also sent to other professional groups and minority and women's organizations that requested such notification or that the Station believed could be useful referral sources. See **Attachment A**, the Station's Recruitment Source List, for names, addresses, contact names and numbers of the organizations to which the Station directly sends notices of job openings. Job-specific recruitment sources are itemized in **Attachment B** below.

The Station will continue to actively seek out new recruitment sources to ensure that word of all job openings is distributed to a broad pool of potential applicants.

Positions Filled

During the reporting period (July 16, 2012 through July 15, 2013), WLS-TV filled eight full-time job vacancies. See **Attachment B** for information about the recruitment initiatives used and the results of those recruitment initiatives.

Supplemental Recruitment Measures

An internship generally lasts 12-15 weeks, with each student working about 20 hours per week for school credit. To recruit college interns, our Internship Coordinator goes to several colleges and works directly with the Internship Directors at each school. Information about the internship program is also posted on the Station's website.

WLS-TV continually modifies and regularly expands its recruitment program as needed to fulfill these goals.

Columbia College of Chicago	September 2012 – December 2012
Indiana University	May 2013 – August 2013
Loyola University	January 2013 – May 2013

Northern Illinois University	September 2012 – December 2012
Northwestern University	January 2013 – May 2013
University of Illinois Urbana-Champaign	May 2013 – August 2013

Interns are typically assigned to a reporter two days a week and to the news planning department one day a week.

While assigned to reporters, interns work on a variety of stories. Tasks include researching information and setting up possible interviews.

The news planning department is responsible for collecting, researching and developing future news reports for the ABC7 news department. The planning editor and planning department researcher (regular staff employees) create a daily sheet, which lists possible reporting ideas. This list is then used the following day in the morning editorial meeting to decide which news reports will be covered. The planning department is also responsible for planning long-term stories, such as elections and political conventions. News planning department interns assist the planning editor and researcher by answering phone tip lines, collecting and organizing possible future news reports as well as collecting and sorting incoming faxes and mail. They are encouraged to contribute potential story ideas and attend the morning editorial meeting when possible. The interns' duties also include conducting phone pre-interviews on potential interview subjects to determine the newsworthiness of any given story.

SPORTS DEPARTMENT

Illinois State University	September 2012 – December 2012
DePaul University	January 2013 – May 2013
Loyola University	May 2013 – August 2013

The sports interns are responsible for logging and watching sports events during the day. The interns are also expected to suggest the best highlights for the day's newscast.

When possible, the intern is sent out into the field during sporting events to see how the reporter reacts in the field. From time to time the intern will do interviews.

Interns assigned to the creative services / programming department can be involved in two main areas of work:

- Production
- Publicity

PRODUCTION - Interns work closely with producers who are responsible for a wide variety of productions and programs scheduled to air on WLS-TV during their time of assignment. Interns can be directly involved in research, planning, shooting, screening and editing of videotape. This is “field” and office experience. In both cases, interns act as production associates to the producers. The work is creative and deadline demanding, and provides an understanding of the work that goes on behind the scenes of studio-based live events and field-produced programs.

PUBLICITY - Interns work closely with the WLS-TV Station Publicist, in concert with the Program Director, in helping to cultivate and maintain a professional public profile in the greater community. Interns learn how press releases are written and how they are used to communicate both publicly and “internally” among other media outlets and allied fields. Interns learn also to gather important information from various sources to help managers keep abreast of the marketplace. The work is information oriented and provides an understanding of the need for clear communication - publicly and internally.
