Airs: Sun 03/20/2022 at 12:00:00:00 on NE-W

In the middle of the "Great American Desert", more surface water flows out of Nebraska than flows into it. Nebraska ranks #1 in both irrigated acres and groundwater abundance in the U.S. Water is the lifeblood of the state. This program, produced in cooperation with the Nebraska State Irrigation Association, explores the relationships between groundwater and surface water, the different ways in which we use it, and how we work together to manage water for future generations.

*Nebraska Focused: Building the Future* is a one-hour program which visits all four University of Nebraska campuses (UNK, UNL, UNMC, UNO) to take a look at the new and innovative ways that the University of Nebraska is recruiting and training the workforce of the future. Plus, learn how University researchers are working across disciplines to create foods to improve human health at the Nebraska Food For Health Center.

In this one-hour program, we'll explore the diversity in our state - from tallgrass prairies, to Ponderosa Pine forests, to rolling sandhills and vibrant fields of wildflowers. Learn how homesteaders changed the landscape and why Nebraska's history and future is rooted in our trees and native plants.
