Local 33 News Baton Rouge	10-10:30 p.m.	12/14/2015	SCHOLARSHIP PROBLEMS- School is to see whether the Educational Assistance Scholarships awarded during the last two school years complied with the system board's policy. Of 141 scholarships the Board disbursed over the past two years, seven students received scholarship amounts above the maximum \$1,000; one student got a scholarship without meeting the GPA requirements; and two Board members recommended more in scholarship dollars than their allotted amount. The report also found that the Board Scholarship Reports the Board submitted to the legislature each year reported inaccurate scholarship dollar amounts; listed the names of students who did not receive scholarships; included misspelled student names and inaccurate campus identifications; and were submitted 27 and 58 days late, respectively. The school system's president says the problems are
