Eugene Norris, Nancy Galambos, John Laird, Juanita Bagley-Watson, David Hughes II, Ronald Turner, SR. Will there ever be a one-world government? Okay, well the Bible doesn't use that phrase, one world government or a one-world currency but we know as we're seeing the Book of Revelation, in Revelation, 13:1, it talks about how the dragon stood on the shore of the sea. And I saw a beast coming out of the sea. It had ten horns and seven heads within the ten crowns on its horns and on each head a blasphemous name. So, therefore we can come and draw the conclusion that the Antichrist in the last days will appear. And we conclude that there will be some sort of a world governing system that will be different than what we have today.

Tim Walker, David Gray, Nick Lindsay, Joseph Colini, David Hughes II. What should Christians do to reach more teens and younger adults? I say this with a certain degree of brokenness and humility. That we need to learn to love them the way that God loves them. We need to understand how much he wants to redeem them to himself. Jesus was talking about having a hundred sheep. If he loses one of them, does he not leave the ninety-nine and go into the wilderness and go after that one. And I mean, seek after that in every piece of brush and every place that you can look, he's out there seeking and he wants us to have that same heart that the Father wants to redeem all of his creation back to himself. And I truly believe that we're going to have to be ready to deal with brokenness and hurts from family life. We need to be sensitive to God's spirit. Maybe that's a little too simplified, but that's what's on my heart right now.

Samuel Hampton II, Ricky Holmes, Kathaleen Wuopio, Joseph Colini, Ronald Turner, SR., Patricia Heathman. According to Romans 8:28 through 35, why should we witness to others? In context, Romans 8:28 is really affirmation to the believer and we know that all things work together for the good, so whatever I'm going through it's for my good. And then when it talks about those who he predestined that again, is assurance to the believer, even though that I'm going through all of this, I'm in the plans of God. And this whole scripture, the reason why you should go witness to the people because this is talking to the believer. When we're talking when we're witnessing to a person, they're a nonbeliever. So, we want to get everybody possible saved.
