A woman who has dealt with cystic fibrosis her entire life discusses how mindset is often the biggest factor in living a full life with such a disease, and sets out her recipe for shoring up one's approach. Host: Nancy Benson. Producer: Reed Pence. Guest: Mary Elizabeth Peters, author, *Don't Let Them Kill You: 10 Rules for Navigating Chronic Illness In the Age Of Infinite4 Intervention*. **Compliance issues covered: health care; public health; consumerism; mental health; children & youth at risk**

1/9/22...*Radio Health Journal*. **CAN 911 RESPOND TO MENTAL HEALTH CRISES? 12:15**. Synopsis: Up to 15 percent of calls to 911 involve people having a mental health breakdown, yet many call centers, especially in rural areas, have no one with any training on what to do or who to dispatch in those cases. Typically they send police, who may also have no training on how to handle mental health crises and may inflame the situation. Experts discuss why this happens and how communities can respond better. Host & Producer: Reed Pence. Guests: Dr. Adam Vaughan, Asst. Prof. of Criminal Justice and Criminology, Texas State Univ.; Tracy Velazquez, Manager, Public Safety Research, Pew Charitable Trusts. **Compliance issues covered: mental health and mental illness; public safety; police; 911; emergency and first responders; criminal justice system; prisons; local government; economics**

1/9/22...*Radio Health Journal*. **CHILDREN'S "PSYCHOTIC-LIKE EXPERIENCES" 7:53**, Synopsis: Children and young adolescents may experience perceptual distortions or strange thoughts, but if they become frequent and disruptive, they can be an early tipoff to serious future mental health distress. An expert discusses this new field of mental health research in adolescents. Host: Nancy Benson. Producer: Polly Hansen. Guest: Dr. Nicole Karcher, Instructor, Dept. of Psychology, Washington Univ., St. Louis. **Compliance issues covered: mental health; public health; children and youth at risk; education**

1/16/22...*Radio Health Journal*. **WEATHER DISASTER CLEANUP: COSTLY & INEFFICIENT, BUT NECESSARY 12:05**. Synopsis: Severe life-threatening weather, such as the rare December tornadoes that tore through Kentucky and other states in December, 2021, will likely become more frequent with climate change. Experts discuss the difficulties in cleaning up large scale disasters and how planning could improve the results cheaply. Host & Producer: Reed Pence. Guests: Dr. Sybil Derrible, Prof. of Urban Engineering, Univ. of Illinois at Chicago; Dr. Nazli Yesiller, Director, Global Waste Research Institute, California Polytechnic State Univ. **Compliance issues covered: natural disasters; climate change; waste disposal and landfills; recycling; local and state government; pollution and environment; hazardous materials**

1/16/22...*Radio Health Journal*. **THE LINK BETWEEN OBESITY AND CANCER 7:26**. Synopsis: Studies are finding that obesity significantly increases a person's risk for a variety of cancers. However, not all forms of fat carry equal risk. An expert discusses who is more at risk and why. Host: Nancy Benson. Guest: Dr. Anthony Perre, Chief, Dept. of Outpatient Medicine, Cancer Treatment Centers of America. **Compliance issues covered: health care; public health; consumerism**

1/23/22...*Radio Health Journal*. **THE SLEEPIEST WORKERS? YOUR LOCAL POLICE 12:54**. Synopsis: Studies show that law enforcement is the most sleep deprived of all professions, with potentially damaging and even fatal consequences for decision-making and reaction time, as well as long-term health damage. Experts discuss the unique challenges in having a poorly rested police force and in fixing it. Host and Producer: Reed Pence. Guests: Dr. Jagdish Khubchubdani, Prof. of Public Health Sciences, New Mexico State Univ.; Dr. John Violanti, Research Prof. Of Epidemiology & Environmental Health, Univ. at Buffalo. **Compliance issues covered: police and law enforcement; public safety; local government; public health**

An expert pet nutritionist and veterinarian discusses what pets should and shouldn't eat to be healthy. Host: Nancy Benson. Producer: Reed Pence. Guest: Dr. Valerie Parker, Assoc. Prof. of Veterinary Clinical Sciences, The Ohio State Univ. Veterinary Medical Center. **Compliance issues covered: pets and people; nutrition**

1/30/22...*Radio Health Journal*. **KIDS WHO'VE LOST PARENTS TO COVID 11:23**. Synopsis: New estimates show that more than 167,000 children under 18 (a number growing rapidly) have lost a parent or major caregiver to Covid-19. Psychologists say deaths under such circumstances are also much more difficult for survivors to adjust to and will have a major impact on the US. Experts discuss how these "forgotten grievers" are coping and what actions might help ease the impact on them and to the nation. Host and Producer: Reed Pence. Guests: John Bridgeland, co-founder and CEO, Covid Collaborative; Dr. Dan Treglia, Assoc. Prof. of Practice, Univ. of Pennsylvania School of Social Policy and Practice. **Compliance issues covered: children and youth at risk; health care; family and parenting issues; education; charitable organizations; Federal government and policy; economics; diversity issues**

1/30/22...*Radio Health Journal*. **HOW WARFARE DESTROYS HEALTHCARE 8:12**. Synopsis: According to the Geneva Convention and other agreements, health facilities and workers are supposed to be protected from the violence of war. However, they're targeted much more often than most people know. A noted expert in the field discusses how this violence happens, its consequences, and how international organizations may be able to turn this trend around. Host: Nancy Benson. Producer: Reed Pence. Guest: Leonard Rubenstein, Prof. of the Practice, Johns Hopkins Bloomberg School of Public Health and author, *Perilous Medicine: The Struggle to Protect Health Care From the Violence of War*. **Compliance issues covered: health care; military and warfare; charitable organizations**

2/6/22...*Radio Health Journal*. **PUNISHING COVID-LYING DOCTORS 13:17**. Synopsis: There's a growing number of complaints to state medical boards regarding doctors lying about Covid-19 and vaccines. The doctors spreading misinformation are not always reprimanded by state medical boards and are allowed to continue voicing the misinformation. They cite freedom of speech as a defense, but other doctors say licensed professionals have an obligation to the truth. Experts explain the controversy. Host and Producer: Reed Pence. Guests: Dr. Brian Castrucci, President and CEO, De Beaumont Foundation; Dr. Humayun Chaudhry, President and CEO, Federation of State Medical Boards. **Compliance issues covered: children and youth at risk; health care; free speech; education; Federal government and policy; public health, charitable organizations**

2/6/22...*Radio Health Journal*. **NEEDLE PHOBIA 6:47**. Synopsis: Some people who have not yet gotten the Covid vaccine are simply afraid of the needle. Bad childhood experience can keep people from receiving necessary medical treatments. A needle-phobic and a physician explain how parents should discuss injections with their children from a young age. Host: Nancy Benson. Producer: Reed Pence. Guests: Dr. Gary Leroy, family physician and former president of the American Academy of Family Physicians; Laura Munoz, needle phobic. **Compliance issues covered: health care; family and parenting issues; mental health; public health; children and youth at risk; consumerism**

2/13/22...*Radio Health Journal*. **CLIMATE CHANGE & NATIONAL SECURITY 13:26**. Synopsis: The future of climate change impacts a lot more than our crops. Natural disasters and mass migrations of people threaten the health and safety of populations and governments around the world. Experts discuss how climate change creates economic, sociological, political, and military issues. Host and Producer: Reed Pence. Guests: Sherri Goodman, Senior Strategist, Center for Climate and Security and former First Deputy Undersecretary of Defense for Environmental Security; Dr. Teevrat Garg, Assistant Professor of Economics, School of Global Policy and Strategy, University of California, San Diego. **Compliance issues covered: children and youth at risk; public health; climate change; national security; Federal government and policy, economics, sociology, political strategy, military**

2/13/22...*Radio Health Journal*. **THE VEGAN FUTURE 6:09**. Synopsis: Some experts believe that the future of food is vegan. With the increasing effects of global warming, changes to farms are inevitable. Experts talk about why eating animals is inefficient, and why our planet won't be able to support it in the future. Host: Nancy Benson. Producer: Reed Pence. Guests: Dr. Roanne Van Voorst, President, Dutch Futures Society and author, *Once Upon A Time We Ate Animals*. **Compliance issues covered: agriculture; climate change; public health; children and youth at risk; consumerism; environmental impacts; health and wellness**

2/20/22...*Radio Health Journal*. **CHILD DEVELOPMENT IN PANDEMIC 12:07**. Synopsis: New research suggests the pandemic negatively affects child development. Many children born after the start of the pandemic score lower in child development than children born before. Researchers explain possible theories for these children's slower development scores. Host: Reed Pence. Producer: Kristen Farrah. Guests: Dr. Rebecca Jackson, Vice President of Programs and Outcomes for Brain Balance, Board Certified Cognitive Specialist; Dr. Morgan Firestein, Postdoctoral Research Fellow, Department of Psychology at Columbia University Medical Center; Kasey Baiter, mother. **Compliance issues covered: children and youth at risk; health care; education; public health, charitable organizations; pregnancy and expecting mothers; family and parenting issues; child development**
