

KCMX-FM/Ashland, Oregon

PERFORMED FROM April 2023 – July 2023

(Insert TOP 5 Issues Effecting City of License/Surrounding Area)

- 1) Community
- 2) Education
- 3) Health & Fitness
- 4) Mental Health
- 5) Child Services

Public Affairs Programs

INFO TRAK: A 30-minute syndicated radio magazine of in-depth public affairs. It looks at economics, government reform, consumerism, education, substance abuse, domestic and child abuse, urban/rural problems, poverty, food safety, etc. Broadcast Sundays at 6:00AM.

Quarterly Issues/Programs List

2nd Quarter 2023

KCMX-FM/Ashland/Oregon

The following is a list of programs aired that have provided the station’s most significant treatment of community issues.

DATE	Time	Duration	Topic	Issue	Description
04/02/23	6:00 AM	8:40	Disability Awareness	Disability Awareness And Support	<i>H Penny Mishkin, Columbia University occupational therapist, author of “How I See It: A Personal and Historical View of Disability” Ms. Mishkin discussed the difficulties faced by disabled children, and the crucial importance of therapy, services and support to help them. She shared her personal story of severe vision disabilities as a child, and eventual blindness as an adult. She said living with a disability is akin to taking a detour in life, and said that with the right outlook, disabled people can still live a purposeful and happy life.</i>
04/02/23	6:08 AM	8:43	Crime	Consumer Matters, Fraud, Crime, Ethics, Scams	<i>Rob Docters, Partner and Head of Ethics Practices at Abbey Road, LLP, co-author of “Ethics and Hidden Greed: Your Defense against Unethical Strategies and Violations of Trust” Consumer scams, frauds, and unethical gouging</i>

					<i>are on the rise, causing significant financial and emotional harm to unsuspecting individuals and exacerbating economic inequalities. Mr. Doctors discussed the factors behind the jump in fraud. He explained why it is often hard to recognize fraud or scams on social media.</i>
04/02/23	6:17 AM	5:09	Substance Abuse	Drunk Driving Prevention, Substance Abuse	<i>Beau Kilmer, PhD, McCauley Chair in Drug Policy Innovation, at the RAND Corporation and Co-Director, RAND Drug Policy Research Center Alcohol is the third-leading cause of preventable death in the US, with alcohol-impaired driving alone claiming 11,654 lives in 2020. Dr. Kilmer shared the results of a RAND study of a unique statewide alcohol-monitoring program in South Dakota. The 24/7 program requires repeat drunk drivers to be tested twice per day for alcohol use. The study found that the participants in the program had a roughly 50% lower chance of death.</i>
04/09/23	6:00 AM	8:53	Government Regulations, Whistleblowing	Whistleblowing, Fraud, Crime, Government Regulations	<i>Stephen Kohn, attorney, Executive Director of the National Whistleblower Center, author of "The Whistleblower's Handbook: A Step-By-Step Guide To Doing What's Right And Protecting Yourself" Every year, criminals and fraudsters rip off the federal government by committing tax fraud—stealing billions of taxpayer dollars in the process. However, it's becoming much more difficult to do so, thanks to a massive increase in whistleblower disclosures. Mr. Kohn discussed recent changes in laws that have made it much easier to report wrongdoing. He also explained what steps to take to weigh the pluses and minuses of blowing the whistle.</i>
04/09/23	6:08 AM	8:21	Education	Education, Career, Technology	<i>Mary Norris, longtime copy editor at "The New Yorker," author of "Between You & Me: Confessions of a Comma Queen" Ms. Norris discussed the most common mistakes in spelling, punctuation and word usage, and why it</i>

					<i>is so important. She explained how new technologies and changes in our nation's education system have made proper grammar less "cool."</i>
<i>04/09/23</i>	<i>6:17 AM</i>	<i>4:54</i>	<i>Health</i>	<i>Personal Health, Minority Concerns</i>	<i>Kevin Fiscella, MD, MPH, Associate Professor of Family Medicine and Community & Preventive Medicine at the University of Rochester School of Medicine & Dentistry Dr. Fiscella discussed his groundbreaking research that found that the lives of nearly 8,000 black Americans could be saved each year if doctors could figure out a way to bring their average blood pressure down to the average level of whites. He talked about the reasons behind the gap between the races in controlling blood pressure, and the possible ways to reduce that gap.</i>
<i>04/16/23</i>	<i>6:00 AM</i>	<i>9:29</i>	<i>Artificial Intelligence</i>	<i>AI, ChatGPT, Technology, Employment</i>	<i>ChatGPT, an artificial-intelligence (AI) chatbot ChatGPT was launched as an artificial intelligence prototype on November 30, 2022, quickly gaining much attention for its detailed responses and articulate answers across many topics. It explained how was it trained and learns, and what its biggest weakness are. It acknowledged that the concerns about potential biases in its answers are legitimate. It also outlined the top 5 human endeavors in which it anticipates making the biggest impact.</i>
<i>04/16/23</i>	<i>6:09 AM</i>	<i>7:59</i>	<i>Disabilities, Employment</i>	<i>Disabilities, Employment</i>	<i>Andrew Houtenville, PhD, Professor of Economics at the University of Hampshire, Research Director of the UNH Institute on Disability Prof. Houtenville discussed recent findings from the National Trends in Disability Employment report, issued semi-monthly by Kessler Foundation and the University of New Hampshire. He explained what is driving historic highs in employment of people with disabilities, and why disabled employment has outstripped the</i>

					<i>non-disabled since the start of pandemic lockdowns.</i>
<i>04/16/23</i>	<i>6:17 AM</i>	<i>5:06</i>	<i>Health</i>	<i>Personal Health, Senior Citizens</i>	<i>Erin Dooley, PhD, Assistant Professor of Epidemiology at the University of Alabama at Birmingham School of Public Health Prof. Dooley was the lead researcher of a study that measured the number of daily steps that may make a difference in the risk of heart problems in senior citizens. Her study of people ages 70 and older found walking an additional 500 steps per day, or an additional quarter mile of walking, was associated with a 14% lower risk of heart disease, stroke or heart failure.</i>
<i>04/23/23</i>	<i>6:00 AM</i>	<i>7:59</i>	<i>Crime</i>	<i>Anti Semitism, Crime</i>	<i>Matthew Berger, Executive Director of the non-profit Foundation to Combat Antisemitism According to FBI statistics, Jews make up approximately 2.4% of the U.S. population yet are victims of nearly 1 in 10 of all hate crimes. Mr. Berger's organization launched a \$25 million national effort to combat indifference and ignorance surrounding antisemitism. He explained how people can stand up to fight antisemitism, the same way they would fight racism, gender inequality or other injustices in their community.</i>
<i>04/23/23</i>	<i>6:08 AM</i>	<i>9:24</i>	<i>Poverty</i>	<i>Economy, Poverty, Government Policies</i>	<i>Mark R. Rank, PhD, Herbert S. Hadley Professor of Social Welfare at Washington University in St. Louis, author of "The Poverty Paradox: Understanding Economic Hardship Amid American Prosperity" Prof. Rank discussed the reasons why the wealthiest country in the world also has the highest rates of poverty among industrialized nations. He said an average of 10-15% of the US population is below the poverty line at any given time. He blames low-paying jobs that make it difficult to escape poverty, plus what he views as an inadequate social safety net.</i>

04/23/23	6:17 AM	5:12	Teen Employment	Teen Employment, Parenting	<i>Sarah J. Clark, MPH, Research Scientist in the Department of Pediatrics and Co-Director of the C.S. Mott Children's Hospital National Poll on Children's Health at the University of Michigan For many teens, that first formal job is a rite of passage. Prof. Clark shared the results of her organization's survey of parents, exploring their views of the pluses and minuses of teenage employment. She said 3/4s of parents of working teens believe a job has had a positive impact on the teen's money management skills and self-esteem.</i>
04/30/23	6:00 AM	7:50	Education	Child Literacy, Education	<i>Malia Hollowell, National Board-Certified teacher, Founder/CEO of The Reading Roadmap, which develops literacy training for teachers, author of "The Science of Reading in Action: Brain-Friendly Strategies Every Teacher Needs to Know" 67% of American students are unable to read at grade-level. Ms. Hollowell said there are decades of research available to improve reading programs, but it is generally ignored. She said it's critical that teachers and parents learn about the research. She also addressed the special challenges faced by children whose native language is not English.</i>
04/30/23	6:07 AM	9:26	Personal Relationships	Personal Relationships, Mental Health, Women's Issues, Social Media	<i>Laura Tremaine, podcaster, author of "The Life Council: 10 Friends Every Woman Needs" Ms. Tremaine discussed the complexities of friendships. She said making, keeping, and even releasing friends doesn't need to be as hard as we make it. She explained the importance of creating a circle of genuine friends over a lifetime, as opposed to social media "acquaintances."</i>
04/30/23	6:17 AM	4:57	Emergency Preparedness	Emergency Preparedness, Personal Health,	<i>Joseph Alton, MD, board-certified obstetrician and pelvic surgeon, co-author of the "The Survival Medicine Handbook: The Essential Guide for When Help is NOT on the Way" Dr. Alton offered tips to be prepared in the event</i>

				<i>Natural Disaster</i>	<i>that a natural disaster took away the high technology medical services we take for granted. He outlined the basic supplies that every household should have on hand in a medical kit. He also explained the steps needed to provide emergency assistance to someone who is bleeding badly.</i>
<i>05/07/23</i>	<i>6:00 AM</i>	<i>7:23</i>	<i>Inflation</i>	<i>Personal Finance, Inflation, Savings</i>	<i>Sarah Foster, Analyst and Principal U.S. Economy Reporter at Bankrate.com While inflation may be cooling, Ms. Foster explained why Americans could be feeling its impact for years to come. She discussed the economy's impact on emergency savings, retirement contributions and covering day-to-day expenses. She also explained why even when inflation eventually slows, prices won't necessarily fall across the board.</i>
<i>05/07/23</i>	<i>6:07 AM</i>	<i>9:54</i>	<i>Media</i>	<i>Emergency Preparedness, Consumer Matters, Media, Radio</i>	<i>Paul McLane, Editor in Chief of Radio World, a publication for technology-minded broadcast owners, managers and engineers Automakers like Tesla, BMW and Ford have recently announced their intentions to cut AM radio from new models, particularly electric vehicles. Mr. McLane discussed the valuable service AM radio still provides for public safety and entertainment, and explained what AM's 84 million listeners can do to voice their opinion to automakers and legislators. He also discussed the potential danger posed to FM radio by the new trend.</i>
<i>05/07/23</i>	<i>6:17 AM</i>	<i>5:01</i>	<i>Personal Health</i>	<i>Personal Health, Aging, Exercise</i>	<i>Robert Hyldahl, PhD, Assistant Professor of Exercise Sciences, Brigham Young University Dr. Hyldahl co-authored a study that found that running appears to reduce inflammation in the knee joint—not increase it, as commonly believed. He said his research suggests that running may actually protect knees during the aging process, and safeguard</i>

					<i>against degenerative diseases like osteoarthritis.</i>
05/14/23	6:00 AM	9:27	Child Safety	Parenting, Child Safety, Child Care	<i>Sarah J. Clark, M.P.H., Associate Research Scientist, Department of Pediatrics at the University of Michigan's C.S. Mott Children's Hospital Ms. Clark co-authored a poll that found that 62 percent of parents report difficulties finding childcare facilities that meet their health and safety standards. The poll also found that only half of parents considered themselves "very confident" at discerning which childcare options were truly safe and healthy. She outlined the most important questions that parents should ask when evaluating childcare providers. She said 82% of parents would be in favor of a national standard for health and safety for childcare centers and in-home childcare providers.</i>
05/14/23	6:09 AM	7:44	Emergency Care	Medical Errors, Emergency Care, Healthcare	<i>Benjamin H. Schnapp, MD, Assistant Professor, Assistant Emergency Medicine Residency Program Director in the University of Wisconsin School of Medicine and Public Health Medical errors cause roughly 250,000 deaths per year in the U.S. Dr. Schnapp co-authored a study that examined errors in Emergency Rooms. He found that, even in chaotic ERs, doctors typically have the right medical information but might not act on it in the best way. He talked about the patterns he found in patients who are most vulnerable to errors. He offered suggestions for patients who want to prevent errors when they visit an ER.</i>
05/14/23	6:17 AM	4:50	Youth At Risk	Poverty, Violence, Youth At Risk, Government Programs	<i>Jill Gonzalez, Senior Analyst at WalletHub, a personal finance website Ms. Gonzalez discussed her report that examined today's at-risk youth. She said about one in nine young Americans today is neither working nor in school, exposing them to greater risk of poverty,</i>

					<p>violence, drug abuse and homelessness. She explained how these risk factors follow young people into adulthood. She discussed the importance of education and social services.</p>
05/21/23	6:00 AM	8:30	Personal Finance	Personal Finance, Retirement Planning, Investing	<p>Burton Malkiel, Chemical Bank Chairman's Professor of Economics at Princeton University, author of the classic finance book "A Random Walk Down Wall Street: The Best Investment Guide That Money Can Buy" Mr. Malkiel's book, written 50 years ago, pioneered the advent of index mutual funds for the average investor. He explained why an individual who saves consistently over time and buys a diversified set of index funds can achieve above-average investment results. He believes that most average investors do not need an investment advisor in order to prepare for retirement</p>
05/21/23	6:08 AM	8:37	Public Health	Public Health, Poverty, Food Safety	<p>Theresa Gildner, PhD, Assistant Professor of Biological Anthropology in Arts & Sciences at Washington University in St. Louis Most Americans view parasitic infections as a problem of the past or one that only impacts low-income countries. However, Prof. Gilder shared new research that discovered that the problem is likely widespread in low-resource communities throughout southern US. Her study found that environmental conditions, combined with infrastructural neglect and inadequate access to health care, create the perfect breeding ground for these infections. She explained how to recognize the infection and what treatments are available.</p>
05/21/23	6:17 AM	5:10	Cyber Attacks	Infrastructure, Cyber Attacks, Power Grids	<p>Eduardo Cotilla-Sanchez, PhD, Associate Professor in the School of Electrical Engineering and Computer Science at Oregon State University Prof. Coteilla-Sanchez outlined his concerns</p>

					<p>that the nation's power transmission grid is at risk of cyber-attack. He has researched a scenario in which hackers manipulate smart meters to create an oscillation in electricity demand, potentially creating brown-outs or even a massive power outage affecting much of the country. He outlined steps that power companies need to take to guard against this form of attack.</p>
05/28/23	6:00 AM	8:22	Estate Planning	Senior Citizens, Estate Planning, Parenting	<p>Catherine Hodder, estate planning attorney, author of "Estate Planning for the Sandwich Generation: How to Help Your Parents and Protect Your Kids" Ms. Hodder explained the importance of estate planning for those who are caring for both kids and aging parents. She outlined the critical documents that everyone should have in addition to a basic will. She also talked about the importance of communication with aging parents, and the usefulness of an emergency binder that organizes important documents in one place.</p>
05/28/23	6:08 AM	8:54	Juvenile Crime	Parenting, Juvenile Crime	<p>Caitlin Cavanagh, Assistant Professor in the School of Criminal Justice at Michigan State University Prof. Cavanagh led a study at Michigan State that found that mothers don't lose hope to see their sons graduate from high school, get married, find a good job and so on— even if they are arrested as a minor. Her findings were consistent, even for higher income families.</p>
05/28/23	6:17 AM	4:58	Hunger	Hunger, Poverty, Government Programs, Volunteerism	<p>Noreen Springstead, Executive Director of WhyHunger, a non-profit organization that focuses on grassroots solutions to end hunger and poverty Ms. Springstead discussed the current scope of the hunger problem in the U.S. She explained why, even in a booming economy, the issue of hunger and food insecurity rarely changes. She outlined how people can get assistance if they</p>

					<i>are in need, and how volunteers can get involved in their local communities.</i>
06/04/23	6:00 AM	8:31	Drowning Prevention	Child Safety, Water Safety, Drowning Prevention	<i>Adam Katchmarchi, PhD, Executive Director of the National Drowning Prevention Alliance, Assistant Professor in the Department of Kinesiology, Health, and Sport Sciences at Indiana University of Pennsylvania Drowning is the leading cause of death among children ages 1-4 and the second leading cause of injury-related death among children up to age 14. As the busiest water activity season is upon us, Prof. Katchmarchi offered five recommendations for parents to keep their children safe.</i>
06/04/23	6:08 AM	8:52	Workplace, Matters	Diversity, Career, Workplace Matters, Collaboration	<i>Heidi K. Gardner, PhD, Distinguished Fellow at Harvard Law School's Center on the Legal Profession and Program Chair of the Sector Leadership Master Class and Smarter Collaboration Master Class, author of "Smarter Collaboration: A New Approach to Breaking Down Barriers and Transforming Work" Prof. Gardner discussed recent research and offered advice to help companies thrive by collaborating more effectively. She said collaboration skills are surprisingly rare, especially among men. She explained why firms that collaborate smarter consistently generate higher revenues and profits, boost innovation, strengthen client relationships, and attract and retain better talent.</i>
06/04/23	6:17 AM	5:08	Environment	Environment, Pollinators	<i>Susan Carpenter, Native Plant Garden Curator at the University of Wisconsin-Madison Arboretum "No mow" initiatives are becoming an increasingly popular springtime effort to help support bees, butterflies and other pollinators. Ms. Carpenter explained why mowing grass too short can cut the tops off flowering plants, creating lawns that are inhospitable for pollinators seeking habitats in which to feed, rest and nest. She said a good first step to</i>

					<i>help pollinators is to stop treating a lawn with chemicals, then allow grass to grow to around six inches before it's cut to roughly four inches.</i>
06/11/23	6:00 AM	8:35	Employment	Employment, Career, Interviewing Skills	<i>Andres Lares, Managing Partner at Shapiro Negotiations Institute, co-author of "Persuade: The 4-Step Process to Influence People and Decisions" Millions of college students have graduated recently and are ready to enter the workforce. Mr. Lares said the more a job applicant prepares, the more confident they will feel — and projecting confidence is essential to doing well in a job interview. He explained how to research a company and the position prior to a job interview, how to negotiate the compensation and how prepare questions for the interviewer.</i>
06/11/23	6:08 AM	8:45	Mental Health	Generational Traits, Social Media, Mental Health, Parenting, Substance Abuse	<i>Jean M. Twenge, PhD, Professor of Psychology at San Diego State University, author of "Generations: The Real Differences between Gen Z, Millennials, Gen X, Boomers, and Silents—and What They Mean for America's Future" Prof. Twenge outlined the unique characteristics and experiences of different generations, explaining how they shape America's future. She said the era in which person grows up has a much greater influence than their parents on their personality traits. She also talked about the huge influences of technological advances on each generation and the recent increase in clinical depression in teens, which directly correlates with the advent of smartphones and social media.</i>
06/11/23	6:17 AM	5:00	Entrepreneurship	Entrepreneurship, Career, Artificial Intelligence	<i>Karen Tiber Leland, Marketing and Management Consultant, Founder and President of Sterling Marketing Group, a branding and marketing strategy firm, author of "The Brand Mapping Strategy: Design, Build and Accelerate Your Brand" Ms. Leland said ignoring</i>

					<i>the trend of AI and chatbots in business and personal branding is a significant mistake. She offered seven tips to optimize the value of AI language models (such as the hyper-popular ChatGPT) to build thought leadership, raise capital, find investors, sell a company, entice potential employees or convert customers.</i>
06/18/23	6:00 AM	8:40	Alzheimer's Disease	Alzheimer's Disease	<i>Martin J. Schreiber, former Governor of Wisconsin, Alzheimer's caregiver and advocate, author of "My Two Elaines: Learning, Coping, and Surviving as an Alzheimer's Caregiver" More than 11 million Americans currently care for someone with Alzheimer's disease or other forms of dementia. Gov. Schreiber took care of his wife, Elaine, for nearly 20 years, until her death from Alzheimer's in 2022. He shared their story, and offered advice and encouragement for the millions of Americans in similar circumstances.</i>
06/18/23	6:08 AM	8:44	Higher Education	Community College, Higher Education, Transferring Credits	<i>Jessie Ryan, Vice President of The Campaign for College Opportunity Each year, hundreds of thousands of students start at community colleges, hoping to transfer to a university later. However, for some students, the transfer process becomes a maze so confusing, it derails their college plans. Ms. Ryan explained a problem described as "credit loss," when students take classes that never end up counting toward a degree. She discussed the reasons that universities refuse to accept credits, sometimes from classes that utilized the identical textbook as the university's class.</i>
06/18/23	6:17 AM	5:06	Education	Education, Parenting	<i>Robert Wilson, PhD, Assistant Professor of Psychology and Cognitive Science, Arizona State University Educational scholars have long recognized that there is something of a "sweet spot" when it comes to learning. Prod. Wilson led a study using artificial intelligence that determined the sweet spot is when</i>

					<i>failure occurs 15% of the time. Put another way, it's when the right answer is given 85% of the time. He explained what parents and teachers can learn from the study.</i>
06/25/23	6:00 AM	8:50	Consumer Matters, Crime	Consumer Matters, Crime, Justice System	<i>Read Hayes, PhD, Research Scientist at the University of Florida, Director of the Loss Prevention Research Council Retailers, politicians and police departments have sounded the alarm about a rapid increase in retail theft, and are calling for stricter enforcement and prosecution to fight it. Prof. Hayes outlined the scope of the problem, and the role of organized theft rings in its growth. He also explained the multiple impacts on consumers, and what steps may slow down the problem.</i>
06/25/23	6:08 AM	8:33	Volunteerism	Volunteerism, Youth Mental Health, Parenting, Physical Health	<i>Kevin Lanza, PhD, Assistant Professor at UTHealth Houston School of Public Health at The University of Texas Prof. Lanza led a recent study that found that children and teenagers who had volunteered in the past year were in better physical health, had a more positive outlook on life, and were less likely to have anxiety, depression, or behavioral problems compared to their peers who did not volunteer. He outlined the many volunteering opportunities available to young people.</i>
06/25/23	6:17 AM	5:07	Retirement	Retirement Planning, Employment	<i>Beth C. Truesdale, PhD, Research Fellow at the W.E. Upjohn Institute for Employment Research, Visiting Scholar at the Harvard Center for Population and Development Studies, coeditor of "Overtime: America's Aging Workforce and the Future of Working Longer" Many retirement planners advise clients to try to delay retirement to age 70 and spend more years in the paid labor force. Prof. Truesdale discussed the myriad of reasons that goal may be impossible for many people in their 50s</i>

					<i>and 60s, particularly those who are already disadvantaged.</i>
<i>07/02/23</i>	<i>6:00 AM</i>	<i>17:52</i>	<i>Substance Abuse</i>	<i>Substance Abuse And Treatment, Government Policies</i>	<i>Nora Volkow, MD, Director of the National Institute on Drug Abuse, part of the National Institutes of Health Fentanyl overdoses are the leading cause of death for Americans ages 18 to 49, more than car accidents or suicides. On average, one person dies of a fentanyl overdose in the United States every seven minutes, and the number of Americans killed by the drug has jumped 94 percent since 2019. Dr. Volkow discussed why the problem has skyrocketed and what steps the federal government is taking to address it. She said that, while the epidemic was worse in certain rural areas of the US in past years, the problem has now overwhelmed every city and state. She talked about the importance of education and treatment programs, and also explained why fentanyl is a particularly troubling issue for pregnant women.</i>
<i>07/02/23</i>	<i>6:17 AM</i>	<i>5:08</i>	<i>Substance Abuse</i>	<i>Substance Abuse and Treatment, Community Rehabilitation, Law Enforcement, Homelessness</i>	<i>Sam Quinones, author of "The Least of Us: True Tales of America and Hope in the Time of Fentanyl and Meth" The opioid crisis' damage to US communities cost the economy \$1.5 trillion in 2020 alone, according to a congressional analysis. Mr. Quinones talked about steps that cities and towns can take to try to repair community bonds, most effectively on the neighborhood, school and church level. He believes that stronger law enforcement is necessary to force drug abusers into treatment, whether they want it or not.</i>
