Re: WDYB-LD, Daytona Beach, FL
Facility ID No. 41375
File No. BLDTA-20121115ACK

Dear Counsel:

On February 12, 2014, the staff dismissed the above-referenced application for a Class A broadcast television station license for WDYB-LD, Daytona Beach, Florida. The applicant, Latina Broadcasters of Daytona Beach, LLC, filed a timely petition for reconsideration. We need not address the arguments raised in the petition, because, upon further review, we conclude that the facts of this case do not support the dismissal of the first Class A license application filed by this out-of-core, Class A-eligible low power television station.

Accordingly, the petition for reconsideration **IS DISMISSED**, and the application **IS REINSTATED** and **GRANTED**.

Sincerely,

A handwritten signature in black ink, appearing to read "Barbara A. Kreisman".
