Fred Martino talks with Rep. Patrick Windhorst, the Republican from Illinois House District 117. They discuss a variety of issues, including economic development and the need for bipartisan solutions. Our analysts bring us up to date on a number of important stories facing the General Assembly, including a request for federal help to care for immigrants in Chicago; the Chicago Tribune reports the state has spent \$328 million for immigrant care so far, not including the hundreds of millions allocated yearly for an immigrant healthcare program.

For years, researchers have studied the effects repeated blows to the head have on athletes in pro football, hockey, soccer and other sports. Now, researchers at Boston University are conducting the first major study of CTE, the degenerative brain disease linked to repeated hits to the head, in athletes who died before their 30th birthday. John Yang reports.

A federal study shows that last year, nearly half of healthcare workers reported they often feel burned out. Research suggests nurses are especially vulnerable and that can impact the care they provide. In collaboration with the Global Health Reporting Center and with support from the Pulitzer Center, Stephanie Sy reports from Columbus, Ohio, for our series, Critical Care: The Future of Nursing.

One of the dominant Christian denominations in the U.S., the United Methodist Church, is experiencing a major split. Since 2019, more than 7,000 congregations have received approval to leave the church. The factions have disagreements in theology, namely how the church considers LGBTQ+ ministers and congregants. Amna Nawaz discussed more with communities correspondent Adam Kemp in Oklahoma.
