

Maranatha Broadcasting Company, Inc.

WFMZ-TV, Allentown, PA
300 East Rock Road
Allentown, PA 18103

4th Quarter 2012, Programs / Issues List

WFMZ-TV takes its commitment to serve the local community seriously and provides many avenues for that service. WFMZ-TV produces 74 live half-hours of original local news each week that air on WFMZ-TV 69.1. This totals over 481 hours of local news, weather, traffic, and sports during each three-month period.

To serve the growing Hispanic community, WFMZ-TV employs a full Hispanic news department, which produces a live 11PM Spanish-language newscast each weeknight. Key newscasts are repeated on our RTV 69.4 digital channel as well overnight on 69.1 for more convenient viewer access. In addition to our local newscasts on WFMZ-TV, we also provide the local community with news and information on wfmz.com and our Smartphone apps. News is continuously updated throughout the day to serve the needs of the community.

WFMZ-TV programs a 24/7 AccuWeather Channel on our digital channel 69.2. This channel is the go-to place for up-to-the-minute weather forecasts and information. In addition to live traffic/weather cameras and radar maps, every 15 minutes our local meteorologists provide the latest weather information to keep the community informed of changing weather conditions. This channel also has a continuously updated news crawl at the bottom of the screen so viewers can be aware of important national news or breaking local news events that may affect the community.

WFMZ-TV provides substantial support to many local charities and fundraisers through promotional messages and public service announcements. The promotion WFMZ-TV provides is invaluable to many non-profit organizations in raising much-needed funds for their service to the community.

Members of the WFMZ-TV staff serve on many non-profit volunteer boards and organizations throughout the region. WFMZ-TV uses these many connections to understand and better assess the important issues facing the community and serve those needs on an ongoing basis via our news coverage, special programs, documentaries, or promotional support.

During the most-recent three-month period, WFMZ-TV also aired over 12 hours of programming each week designed to meet the educational and instructional needs of children. More information regarding these programs may be found in our quarterly Children's Programming Report (FCC Form 398), available at www.fcc.gov. In addition to extensive daily programming serving the community, WFMZ-TV also provides prime-time exposure for locally-produced programs. One such program,

Business Matters, uses the resources of the local 5,000-member Chamber of Commerce to address a wide variety of issues faced by the local community. This weekly 30-minute primetime program has been host to governors, congressional representatives, school board members and other community leaders both inside and outside of government.

Another local program is Law Journal, a 30-minute program that focuses on legal issues encountered by many viewers. The program usually includes a panel of four lawyers, judges or others in law-related professions that address topics such as workers compensation claims, divorce, child custody, workers rights, and other general topics of interest. Law Journal has been locally-produced and aired on WFMZ-TV for over twenty years.

Talk With Your Doctor is another 30-minute program that provides medical information to the community. Doctors discuss various physical disorders and take phone calls from viewers with questions. Talk With Your Doctor has been broadcast by WFMZ-TV for over thirty years and is a tremendous asset to local residents needing medical information.

These are just a few of the on-going local programs that address important community issues. WFMZ-TV also airs syndicated programs that also provide viewers with valuable information.

Attached is a list of topics that WFMZ-TV has identified as important issues facing the community. These issues were address in local produced news segments as well as in locally-produced 30-minute programs broadcast by WFMZ-TV in the three-month period ending December 31th, 2012 that have been responsive to the issue.

This list is merely representative of a few issues identified by WFMZ-TV as important to the community and the station's typical and illustrative responsive programming. It is not meant to be an all-inclusive list of issues treated in WFMZ-TV's programming or of programs broadcast in response to each issue.

News Programming Examples:

Issue: Health

Date: 10/01/2012

Program: News 12 PM

Title: Medicare to Fine Hospitals

Length: :29

Hospitals that have to see patients for a second time could face financial penalties starting today.

<VO> Medicare is now authorized to levy fines on hospitals if patients return with complications within 30 days of being released. The provision is part of President Obama's health care law ... and it is designed to make sure patients get the complete care they need without being discharged early.

Issue: Health

Date: 10/04/12

Program: News 5:30 AM

Title: Meningitis Outbreak
