EAS Activations For Current Quarter

WHBC-AM & WHBC-FM have a long established policy of relaying EAS messages critical to the safety and welfare of the listening public.

The community issue of public safety during threatening events (man-made or natural) is partially addressed by delivery of timely warnings over our broadcast facilities.

The community issue of children's welfare is partially addressed by the timely rebroadcast of child abduction messages originated by state of Ohio authorities.

A summary of EAS messages transmitted during the current reporting period is shown here. Details of all EAS messages that were broadcast follow. Scheduled weekly and monthly tests of the EAS system are not included in these summaries.
