Topic: United Airlines forcefully removed Asian doctor off plane

United Airlines recently dragged passengers off the plane against their will due to overbooking and UA needed the seats for internal flight attendants. The incident resulted in a Vietnamese-Chinese doctor, David Dao, being bullied and forcefully dragged off the plane by airport security. Although UA stressed that they went through a computer “random selection” to pick passengers off the plane, but once the video of this incident went on internet, it quickly drew the world's attention and concern on UA’s handling of the situation. And some people viewed this as racial targeting by UA. Audiences called to express their opinion & view on the topic.
