

The twin storms threatening the area with rain this week are hurricane Marco and later Hurricane Laura which is now a TS.

Travis Shelton Meteorologist with the NWS Little Rock says that Marco will be the first to hit the area. But Laura is the storm that everyone is watching

((((((((cut one

The rainfall and wind from Laura could be significant.

((((((((cut two

KTXK will keep a close eye on both storms as they make their way through our area this week.
