

Dr. Fauci calls boasting about a low death rate 'a false narrative' and warns about young people in the ICU - despite Donald Trump repeatedly bragging about 'falling' coronavirus deaths

((((((FAUCI CUT TWO

Fauci, speaking at an event hosted by Democratic Alabama Sen. Doug Jones, said

'There's so many other things that are dangerous and bad about the virus,' 'Don't get into false complacency,' the nation's top infectious disease expert warned.

Fauci's warning stands in contrast to the narrative President Trump has tried to push as he continues to push for the American economy to open, despite the rise in COVID-19 cases.
