

:

Good day to you. I'm Jennifer Andrews with your Minute Magazine. Well, the Concordia Parish Sheriff's Office is launching a new program. It's called Recovery Through Christ, and they say it's the first in the nation to do so. Well, they say it's a faith-based program that promotes spiritual and emotional healing through Bible teachings and 12 steps of recovery. Sheriff David Hedrick says that they are teaming up with Sunnyside Church to provide the spiritual guidance. The sheriff says it's important to him as a Christian. that the love of Christ is shared with inmates through our prison ministry. Add an exciting and fun new program as coming to the Biedenhorn Museum and Gardens. Thanks to a grant from the Monroe Garden Club, local students will be able to visit Biedenhorn and plant various plants and enjoy the Zoo Garden Program where they take part in a plant treasure hunt. Director Ralph Calhoun says it's a fun way to learn about gardening and the importance of plants. With your Minute Magazine, I'm Jennifer Andrews.
